NOTICE INVITING BIDS

NOTICE IS HEREBY GIVEN that the Riverside-Corona Resource Conservation District ("District") invites and will receive sealed Bids up to but not later than **11:00 a.m. on the 13th of November 2019** at the office of the Riverside-Corona Resource Conservation District, located at 4500 Glenwood Drive, Building A, Riverside, California, for the furnishing to District of all labor, equipment, materials, tools, services, transportation, permits, utilities, and all other items necessary for Jurupa Avenue Extension-Hole Creek Conservation (the "Project"). At said time, Bids will be publicly opened and read aloud at the District Office. Bids received after said time shall be returned unopened. Bids shall be valid for a period of 90 calendar days after the Bid opening date.

The Jurupa Avenue Extension-Hole Creek Conservation Project consists of removal of giant reed (*Arundo donax*) and other invasive species, and two-year maintenance. The project site is located at the site commonly known as “Hole Lake”, south of Jurupa Avenue, west of Van Buren Boulevard, in the city of Riverside. The project will commence with removal of giant reed and invasive species, including tamarisk (*Tamarix* spp.), tree tobacco (*Nicotiana glauca*), and palms (eg. *Phoenix* spp., and *Washingtonia robusta*). All other non-native tree species can be treated through girdle, “drill kill”, or basal treatment, by whichever method is deemed most appropriate. General control and treatment of non-natives within the site will follow initial removal of all non-native vegetation.

Bids must be submitted on the District’s Bid Forms. Bidders may obtain a copy of the Contract from www.rcrcd.org/bid-postings, 4500 Glenwood Drive, Building A, Riverside, CA 92501, Attention Stephanie Johnson, Phone: (951) 683-7691, ext. 201, (951)683-3814. To the extent required by section 20103.7 of the Public Contract Code, upon request from a contractor plan room service, the District shall provide an electronic copy of the Contract at no charge to the contractor plan room.

It is the responsibility of each prospective bidder to download and print all Bid Documents for review and to verify the completeness of Bid Documents before submitting a bid. Any Addenda will be posted on www.rcrcd.org/bid-postings. It is the responsibility of each prospective bidder to check www.rcrcd.org/bid-postings on a daily basis through the close of bids for any applicable addenda or updates. The District does not assume any liability or responsibility based on any defective or incomplete copying, excerpting, scanning, faxing, downloading or printing of the Bid Documents. Information on www.rcrcd.org/bid-postings may change without notice to prospective bidders. The Contract shall supersede any information posted or transmitted by www.rcrcd.org/bid-postings.

Each Bid shall be accompanied by cash, a certified or cashier’s check, or Bid Bond secured from a surety company satisfactory to the District, the amount of which shall not be less than ten percent (10%) of the submitted Total Bid Price, made payable to Riverside-Corona Resource Conservation District as bid security. The bid security shall be provided as a guarantee that within five (5) working days after the District provides the successful bidder the Notice of Award, the successful Bidder will enter into a Contract and provide the necessary bonds and certificates of insurance. The bid security will be declared forfeited if the successful Bidder fails to comply within said time. No interest will be paid on funds deposited with District.

A MANDATORY Pre-Bid Conference is scheduled for 9:00 a.m. on Wednesday, October 2, 2019 to review the Project's existing conditions at the site commonly known as “Hole Lake”, in the City of Riverside. The project site is located in the city of Riverside, east of Rutland Avenue, west of...
Van Buren Boulevard, and south of Jurupa Avenue. Representatives of the District and consulting engineers, if any, will be present. Questions asked by Bidders at the Pre-Bid Conference not specifically addressed within the Contract shall be answered in writing, and shall be sent to all Bidders present at the Pre-Bid Conference. Bids will not be accepted from any bidder who did not attend the mandatory Pre-Bid Conference.

The successful Bidder will be required to furnish a Faithful Performance Bond and a Labor and Material Payment Bond each in an amount equal to one hundred percent (100%) of the Contract Price. Each bond shall be in the forms set forth herein, shall be secured from a surety company that meets all State of California bonding requirements, as defined in California Code of Civil Procedure Section 995.120, and that is a California admitted surety insurer.

Pursuant to Section 22300 of the Public Contract Code of the State of California, the successful Bidder may substitute certain securities for funds withheld by District to ensure its performance under the Contract.

Pursuant to Labor Code Section 1773, District has obtained the prevailing rate of per diem wages and the prevailing wage rate for holiday and overtime work applicable in Riverside County from the Director of the Department of Industrial Relations for each craft, classification, or type of worker needed to execute this Contract. A copy of these prevailing wage rates may be obtained via the internet at: www.dir.ca.gov/dlstr/

In addition, a copy of the prevailing rate of per diem wages is available at the District’s Main Office and shall be made available to interested parties upon request. The successful bidder shall post a copy of the prevailing wage rates at each job site. It shall be mandatory upon the Bidder to whom the Contract is awarded, and upon any subcontractors, to comply with all Labor Code provisions, which include but are not limited to the payment of not less than the said specified prevailing wage rates to all workers employed by them in the execution of the Contract, employment of apprentices, hours of labor and debarment of contractors and subcontractors.

Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a Contract to perform public work must be registered with the Department of Industrial Relations. No Bid will be accepted nor any Contract entered into without proof of the contractor’s and subcontractors’ current registration with the Department of Industrial Relations to perform public work. If awarded a Contract, the Bidder and its subcontractors, of any tier, shall maintain active registration with the Department of Industrial Relations for the duration of the Project. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. In bidding on this Project, it shall be the Bidder’s sole responsibility to evaluate and include the cost of complying with all labor compliance requirements under this Contract and applicable law in its Bid.

Unless otherwise provided in the Instructions for Bidders, each Bidder shall be a licensed contractor pursuant to sections 7000 et seq. of the Business and Professions Code in the following classification(s) throughout the time it submits its Bid and for the duration of the Contract: California State Contractor’s License type c-27; Pest Control Business License and a Qualified
Applicators License (QAL) with minimum categories B,C,F issued by the California Department of Pesticide and Regulation (CDPR)

Substitution requests shall be made within 35 calendar days after the award of the Contract. Pursuant to Public Contract Code Section 3400(b), the District may make findings designating that certain additional materials, methods or services by specific brand or trade name other than those listed in the Standard Specifications be used for the Project. Such findings, if any, as well as the materials, methods or services and their specific brand or trade names that must be used for the Project may be found in the Special Conditions.

District shall award the Contract for the Project to the lowest responsive, responsible Bidder as determined by the District from the BASE BID ALONE. District reserves the right to reject any or all bids or to waive any irregularities or informalities in any bids or in the bidding process.

For further information, contact John Dvorak, Conservation Biologist, at dvorak@rcrcd.org or (951) 683-7691 ext. 217.

END OF NOTICE INVITING BIDS
INSTRUCTIONS TO BIDDERS

SECURING DOCUMENTS

Bids must be submitted to the District on the Bid Forms which are a part of the Bid Package for the Project. Bid and Contract documents may be obtained from www.rcrcd.org/bid-postings as specified in the Notice Inviting Bids. Prospective bidders are encouraged to telephone in advance to determine the availability of the Contract. Any charge for the Contract is stated in the Notice Inviting Bids.

The District may also make the Contract available for review at one or more plan rooms, as indicated in the Notice Inviting Bids. Please Note: Prospective Bidders who choose to review the Contract at a plan room must contact the District to obtain the required Contract if they decide to submit a bid for the Project.

Any Addenda will be posted on www.rcrcd.org/bid-postings. Failure to acknowledge addenda may make a bid nonresponsive and not eligible for award of the Contract.

EXAMINATION OF SITE AND CONTRACT

At its own expense and prior to submitting its Bid, each Bidder shall visit the site of the proposed work and fully acquaint itself with the conditions relating to the construction and labor required so that the Bidder may fully understand the work, including but not limited to difficulties and restrictions attending the execution of the work under the Contract. Each Bidder shall carefully examine the Drawings, and shall read the Specifications, Contract, and all other documents referenced herein. Each Bidder shall also determine the local conditions which may in any way affect the performance of the work, including local tax structure, contractors’ licensing requirements, availability of required insurance, the prevailing wages and other relevant cost factors, shall familiarize itself with all federal, state and local laws, ordinances, rules, regulations and codes affecting the performance of the work, including the cost of permits and licenses required for the work, and shall make such surveys and investigations, including investigations of subsurface or latent physical conditions at the site or where work is to be performed as may be required. Bidders are responsible for consulting the standards referenced in the Contract. The failure or omission of any Bidder to receive or examine any Contract documents, forms, instruments, addenda, or other documents, or to visit the site and acquaint itself with conditions there existing shall in no way relieve any Bidder from any obligation with respect to its Bid or to the Contract and no relief for error or omission will be given except as required under State law. The submission of a Bid shall be taken as conclusive evidence of compliance with this Article.

INTERPRETATION OF DRAWINGS AND DOCUMENTS

Prospective Bidders unclear as to the true meaning of any part of the Drawings, Specifications or other proposed Contract documents may submit to the Engineer of the District a written request for interpretation. The prospective Bidder submitting the request is responsible for prompt delivery. Interpretation of the Drawings, Specifications or other proposed Contract documents will be made only by a written addendum duly issued and a copy of such addenda will be mailed or delivered to each prospective Bidder who has purchased a set of Drawings and Specifications. The District will not be responsible for any other explanation or interpretations of the proposed documents. If a Prospective Bidders becomes aware of any errors or omissions in any part of the Contract, it is the obligation of the Prospective Bidder to promptly bring it to the attention of the District.
PRE-BID CONFERENCE

A MANDATORY Pre-Bid Conference is scheduled for 9:00 a.m. on Wednesday, October 2, 2019 to review the Project's existing conditions at the site commonly known as “Hole Lake”, in the City of Riverside. The project site is located in the city of Riverside, east of Rutland Avenue, west of Van Buren Boulevard, south of Jurupa Avenue. The meeting location for the Pre-Bid Conference will be the empty dirt lot on the northwest corner of Jurupa Ave and Van Buren Blvd. Representatives of the District and consulting engineers, if any, will be present. Questions asked by Bidders at the Pre-Bid Conference not specifically addressed within the Contract shall be answered in writing, and shall be sent to all Bidders present at the Pre-Bid Conference. Bids will not be accepted from any bidder who did not attend the mandatory Pre-Bid Conference.

ADDENDA

The District reserves the right to revise the Contract prior to the Bid opening date. Revisions, if any, shall be made by written Addenda. All Addenda issued by the District shall be included in the Bid and made part of the Contract. Pursuant to Public Contract Code Section 4104.5, if the District issues an Addendum which includes material changes to the Project less than 72 hours prior to the deadline for submission of Bids, the District will extend the deadline for submission of Bids. The District may determine, in its sole discretion, whether an Addendum warrants postponement of the Bid submission date. Each prospective Bidder shall provide District a name, address, email address, and facsimile number to which Addenda may be sent, as well as a telephone number by which the District can contact the Bidder. Copies of Addenda will be furnished by email, facsimile, first class mail, express mail or other proper means of delivery without charge to all parties who have obtained a copy of the Contract and provided such current information. Please Note: Bidders are responsible for ensuring that they have received any and all Addenda. To this end, each Bidder should contact the Main Office to verify that it has received all Addenda issued, if any, prior to the Bid opening. The Bidder shall indicate the Addenda received prior to bidding in the space provided in the Bid Form. Failure to indicate all Addenda may be sufficient cause for rejecting the Bid.

ALTERNATE BIDS

If alternate bid items are called for in the Contract, the time required for completion of the alternate bid items has already been factored into the Contract duration and no additional Contract time will be awarded for any of the alternate bid items. The District may elect to include one or more of the alternate bid items, or to otherwise remove certain work from the Project scope of work. Accordingly, each bidder must ensure that each bid item contains a proportionate share of profit, overhead, and other costs or expenses which will be incurred by the bidder.

COMPLETION OF BID FORMS

Bids shall only be prepared using copies of the Bid Forms which are included in the Contract. The use of substitute Bid Forms other than clear and correct photocopies of those provided by the District will not be permitted. Bids shall be executed by an authorized signatory as described in these Instructions to Bidders. In addition, Bidders shall fill in all blank spaces (including inserting “N/A” where applicable), and initial all interlineations, alterations, or erasures to the Bid Forms. Bidders shall neither delete, modify, nor supplement the printed matter on the Bid Forms nor make substitutions thereon. USE OF BLACK OR BLUE INK, INDELIBLE PENCIL, OR A TYPEWRITER IS REQUIRED. Deviations in the Bid Forms may result in the Bid being deemed non-responsive.
MODIFICATIONS OF BIDS

Each Bidder shall submit its Bid in strict conformity with the requirements of the Contract. Unauthorized additions, modifications, revisions, conditions, limitations, exclusions or provisions attached to a Bid may render it non-responsive and may cause its rejection. Bidders shall not delete, modify, or supplement the printed matter on the Bid Forms, or make substitutions thereon. Oral, telephonic and electronic modifications will not be considered.

SUBCONTRACTORS

Bidder shall set forth the name, address of the place of business, and contractor license number of each subcontractor who will perform work, labor, furnish materials or render services to the bidder on said Contract and each subcontractor licensed by the State of California who, under subcontract to bidder, specially fabricates and installs a portion of the Work described in the Drawings and Specifications in an amount in excess of one half of one percent (0.5%) of the total bid price, and shall indicate the portion of the work to be done by such subcontractor in accordance with Public Contract Code Section 4104.

LICENSING REQUIREMENTS

Pursuant to Business and Professions Code Section 7028.15 and Public Contract Code Section 3300, all bidders must possess proper licenses for performance of this Contract. Subcontractors must possess the appropriate licenses for each specialty subcontracted. Pursuant to Business and Professions Code Section 7028.5, the District shall consider any bid submitted by a contractor not currently licensed in accordance with state law and pursuant to the requirements found in the Contract to be nonresponsive, and the District shall reject the Bid. The District shall have the right to request, and Bidders shall provide within ten (10) calendar days, evidence satisfactory to the District of all valid license(s) currently held by that Bidder and each of the Bidder’s subcontractors, before awarding the Contract.

Notwithstanding anything contained herein, if the Work involves federal funds, the Contractor shall be properly licensed by the time the Contract is awarded, pursuant to the provisions of Public Contract Code section 20103.5.

BID GUARANTEE (BOND)

Each bid shall be accompanied by: (a) cash; (b) a certified or cashier’s check made payable to Riverside-Corona Resource Conservation District; or (c) a Bid Bond secured from a surety company satisfactory to the District, the amount of which shall not be less than ten percent (10%) of the Total Bid Price, made payable to Riverside-Corona Resource Conservation District as bid security. Personal sureties and unregistered surety companies are unacceptable. The surety insurer shall be California admitted surety insurer, as defined in Code of Civil Procedure Section 995.120. The bid security shall be provided as a guarantee that within ten (10) working days after the District provides the successful bidder the Notice of Award, the successful bidder will enter into a Contract and provide the necessary bonds and certificates of insurance. The bid security will be declared forfeited if the successful bidder fails to comply within said time, and District may enter into a Contract with the next lowest responsive responsible bidder, or may call for new bids. No interest shall be paid on funds deposited with the District. District will return the security accompanying the bids of all unsuccessful bidders no later than 60 calendar days after award of the Contract.
IRAN CONTRACTING ACT OF 2010

In accordance with Public Contract Code Section 2200 et seq., the District requires that any person that submits a bid or proposal or otherwise proposes to enter into or renew a contract with the District with respect to goods or services of one million dollars ($1,000,000) or more, certify at the time the bid is submitted or the contract is renewed, that the person is not identified on a list created pursuant to subdivision (b) of Public Contract Code Section 2203 as a person engaging in investment activities in Iran described in subdivision (a) of Public Contract Code Section 2202.5, or as a person described in subdivision (b) of Public Contract Code Section 2202.5, as applicable.

The form of such Iran Contracting Certificate is included with the bid package and must be signed and dated under penalty of perjury.

NONCOLLUSION DECLARATION

Bidders on all public works contracts are required to submit a declaration of noncollusion with their bid. This form is included with the bid package and must be signed and dated under penalty of perjury.

BIDDER INFORMATION AND EXPERIENCE FORM

Each Bidder shall complete the questionnaire provided herein and shall submit the questionnaire along with its Bid. Failure to provide all information requested within the questionnaire along with the Bid may cause the bid to be rejected as non-responsive. The District reserves the right to reject any Bid if an investigation of the information submitted does not satisfy the Engineer that the Bidder is qualified to properly carry out the terms of the Contract.

WORKERS' COMPENSATION CERTIFICATION

In accordance with the provisions of Labor Code Section 3700, Contractor shall secure the payment of compensation to its employees. Contractor shall sign and file with the District the following certificate prior to performing the work under this Contract:

I am aware of the provisions of Section 3700 of the Labor Code, which require every employer to be insured against liability for workers’ compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract.

The form of such Workers' Compensation Certificate is included as part of this document.

SIGNING OF BIDS

All Bids submitted shall be executed by the Bidder or its authorized representative. Bidders may be asked to provide evidence in the form of an authenticated resolution of its Board of Directors or a Power of Attorney evidencing the capacity of the person signing the Bid to bind the Bidder to each Bid and to any Contract arising therefrom.

If a Bidder is a joint venture or partnership, it may be asked to submit an authenticated Power of Attorney executed by each joint venturer or partner appointing and designating one of the joint venturers or partners as a management sponsor to execute the Bid on behalf of Bidder. Only that...
joint venturer or partner shall execute the Bid. The Power of Attorney shall also: (1) authorize that particular joint venturer or partner to act for and bind Bidder in all matters relating to the Bid; and (2) provide that each venturer or partner shall be jointly and severally liable for any and all of the duties and obligations of Bidder assumed under the Bid and under any Contract arising therefrom. The Bid shall be executed by the designated joint venturer or partner on behalf of the joint venture or partnership in its legal name.

SUBMISSION OF SEALED BIDS

Once the Bid and supporting documents have been completed and signed as set forth herein, they shall be placed, along with the Bid Guarantee and other required materials, in a sealed envelope, addressed and delivered or mailed, postage prepaid, to the Engineering Department of the District before the time and day set for the receipt of bids. The envelope shall bear the title of the work and the name of the bidder. No oral or telephonic bids will be considered. No forms transmitted via the internet, e-mail, facsimile, or any other electronic means will be considered unless specifically authorized by the District as provided herein. Bids received after the time and day set for the receipt of bids shall be returned to the bidder unopened. The envelope shall also contain the following in the lower left-hand corner thereof:

Bid of (Bidder’s Name) for the Jurupa Avenue Extension-Hole Creek Conservation

Only where expressly permitted in the Notice Inviting Bids may bidders submit their bids via electronic transmission pursuant to Public Contract Code sections 1600 and 1601. Any acceptable method(s) of electronic transmission shall be stated in the Notice Inviting Bids. District may reject any bid not strictly complying with District’s designated methods for delivery.

OPENING OF BIDS

At the time and place set for the opening and reading of bids, or any time thereafter, each and every bid received prior to the time and day set for the receipt of bids will be publicly opened and read. The District will leave unopened any Bid received after the specified date and time, and any such unopened Bid will be returned to the bidder. It is the bidder’s sole responsibility to ensure that its Bid is received as specified. Bids may be submitted earlier than the date(s) and time(s) indicated.

The public reading of each bid will include the following information:

The name and business location of the bidder.

The nature and amount of the bid security furnished by bidder.

The bid amount.

Bidders or their representatives and other interested persons may be present at the opening of the bids. The District may, in its sole discretion, elect to postpone the opening of the submitted Bids. The District reserves the right to reject any or all Bids and to waive any informality or irregularity in any Bid.
WITHDRAWAL OF BID

Any bid may be withdrawn either personally or by written request, incurring no penalty, at any time prior to the scheduled closing time for receipt of bids. Requests to withdraw bids shall be worded so as not to reveal the amount of the original bid. Withdrawn bids may be resubmitted until the time and day set for the receipt of bids, provided that resubmitted bids are in conformance with the instructions herein.

Bids may be withdrawn after bid opening only by providing written notice to District within five (5) working days of the bid opening and in compliance with Public Contract Code Section 5100 et seq., or as otherwise may be allowed with the consent of the District.

BIDDERS INTERESTED IN MORE THAN ONE BID

No Bidder shall be allowed to make, file or be interested in more than one bid for the same work unless alternate bids are specifically called for. A person, firm or corporation that has submitted a sub-proposal to a Bidder, or that has quoted prices of materials to a Bidder, is not thereby disqualified from submitting a sub-proposal or quoting prices to other bidders. No person, firm, corporation, or other entity may submit a sub-proposal to a Bidder, or quote prices of materials to a Bidder, when also submitting a prime Bid on the same Project.

SUBSTITUTION OF SECURITY

The Contract call for monthly progress payments based upon the percentage of the Work completed. The District will retain a percentage of each progress payment as provided by the Contract. At the request and expense of the successful Bidder, the District will substitute securities for the amount so retained in accordance with Public Contract Code Section 22300.

PREVAILING WAGES

The District has obtained from the Director of the Department of Industrial Relations the general prevailing rate of per diem wages in the locality in which this work is to be performed for each craft or type of worker needed to execute the Contract. These rates are available at the Main Office of the District or may be obtained online at http://www.dir.ca.gov. Bidders are advised that a copy of these rates must be posted by the successful Bidder at the job site(s).

DEBARMENT OF CONTRACTORS AND SUBCONTRACTORS

In accordance with the provisions of the Labor Code, contractors or subcontractors may not perform work on a public works project with a subcontractor who is ineligible to perform work on a public project pursuant to Labor Code Sections 1777.1 or 1777.7. Any contract on a public works project entered into between a contractor and a debarred subcontractor is void as a matter of law. A debarred subcontractor may not receive any public money for performing work as a subcontractor on a public works contract. Any public money that is paid to a debarred subcontractor by the Contractor for the Project shall be returned to the District. The Contractor shall be responsible for the payment of wages to workers of a debarred subcontractor who has been allowed to work on the Project.
INSURANCE REQUIREMENTS

Prior to commencing work, the successful bidder shall purchase and maintain insurance as set forth in the Contract.

PERFORMANCE BOND AND PAYMENT BOND REQUIREMENTS

The successful bidder will be required to furnish a Labor and Material Payment Bond and a Faithful Performance Bond each in an amount equal to one hundred percent (100%) of the contract price. Each bond shall be secured from a surety company that meets all State of California bonding requirements, as defined in California Code of Civil Procedure Section 995.120 and is admitted by the State of California. Each bond shall be accompanied, upon the request of District, with all documents required by California Code of Civil Procedure Section 995.660 to the extent required by law. All bonding and insurance requirements shall be completed and submitted to District within ten (10) working days from the date the District provides the successful bidder with the Notice of Award.

SALES AND OTHER APPLICABLE TAXES, PERMITS, LICENSES AND FEES

Contractor and its subcontractors performing work under this Contract will be required to pay California sales tax and other applicable taxes, and to pay for permits, licenses and fees required by the agencies with authority in the jurisdiction in which the Work will be located, unless otherwise expressly provided by the Contract.

PERMIT AND INSPECTION FEE ALLOWANCE

Notwithstanding anything contained herein, the Bid Form contains an allowance for the Contractor’s cost of acquiring traffic control permits and for construction inspection fees that may be charged to the Contractor by the Agency of Jurisdiction. The allowance is included within the Bid Form to eliminate the need by bidders to research or estimate the costs of traffic control permits and construction inspection fees prior to submitting a bid. The allowance is specifically intended to account for the costs of traffic control permits and construction inspection fees charged by the local Agency of Jurisdiction only. No other costs payable by Contractor to the Agency of Jurisdiction are included within the allowance.

FILING OF BID PROTESTS

Bidders may file a “protest” of a Bid with the District’s Manager. In order for a Bidder’s protest to be considered valid, the protest must:

Be filed in writing within five (5) calendar days after the bid opening date;

Clearly identify the specific irregularity or accusation;

Clearly identify the specific District staff determination or recommendation being protested;

Specify in detail the grounds for protest and the facts supporting the protest; and

Include all relevant, supporting documentation with the protest at time of filing.

If the protest does not comply with each of these requirements, the District may reject the protest
without further review.

If the protest is timely and complies with the above requirements, the District’s Manager, or other designated District staff member, shall review the protest, any response from the challenged Bidder(s), and all other relevant information. The District Manager will provide a written decision to the protestor.

The procedure and time limits set forth in this Article are mandatory and are the sole and exclusive remedy in the event of a Bid protest. Failure to comply with these procedures shall constitute a failure to exhaust administrative remedies and a waiver of any right to further pursue the Bid protest, including filing a Government Code Claim or legal proceedings.

**BASIS OF AWARD; BALANCED BID**

The District shall award the Contract to the lowest responsible Bidder submitting a responsive Bid. The lowest Bid will be determined on the basis of the Total Bid Price.

The District may reject any Bid which, in its opinion when compared to other Bids received or to the District’s internal estimates, does not accurately reflect the cost to perform the Work. The District may reject as non-responsive any Bid which unevenly weights or allocates costs, including but not limited to overhead and profit to one or more particular bid items.

**AWARD PROCESS**

Once all Bids are opened and reviewed to determine the lowest responsive and responsible Bidder, the District Council may award the Contract. The apparent successful Bidder should begin to prepare the following documents: (1) the Performance Bond; (2) the Payment Bond; and (3) the required insurance certificates and endorsements. Once the District notifies the Bidder of the award, the Bidder will have ten (10) working days from the date of this notification to execute the Contract and supply the District with all of the required documents and certifications. Regardless of whether the Bidder supplies the required documents and certifications in a timely manner, the Contract time will begin to run twenty (20) working days from the date of the notification. Once the District receives all of the properly drafted and executed documents and certifications from the Bidder, the District shall issue a Notice to Proceed to that Bidder.

**EXECUTION OF CONTRACT**

As required herein the Bidder to whom an award is made shall execute the Contract in the amount determined by the Contract. The District may require appropriate evidence that the persons executing the Contract are duly empowered to do so. The Contract and bond forms to be executed by the successful Bidder are included within these Specifications and shall not be detached.

**QUESTIONS**

Questions regarding this Notice Inviting Bids may be directed to John Dvorak, Conservation Biologist, AT (951) 683-7691 ext. 217 or email at dvorak@rrcdd.org. No other members of the District’s staff or District Council should be contacted about this procurement during the bidding process. Any and all inquiries and comments regarding this Bid must be communicated in writing, unless otherwise instructed by the District. The District may, in its sole discretion, disqualify any Bidder who engages in any prohibited communications.
BID FORMS

1.1 Bid.

Bids will be received at the Riverside-Corona Resource Conservation District, 4500 Glenwood Drive, Building A, Riverside, California, until 11:00 a.m. on 13th of November, 2019.

NAME OF BIDDER: ______________________________________________

To the Board of Directors
of the Riverside-Corona Resource Conservation District
4500 Glenwood Drive, Building A

The costs for any Work shown or required in the Contract, but not specifically identified as a line item are to be included in the related line items and no additional compensation shall be due to Contractor for the performance of the Work.

In case of discrepancy between the Unit Price and the Item Cost set forth for a unit basis item, the unit price shall prevail and shall be utilized as the basis for determining the lowest responsive, responsible Bidder. However, if the amount set forth as a unit price is ambiguous, unintelligible or uncertain for any cause, or is omitted, or is the same amount as the entry in the “Item Cost” column, then the amount set forth in the “Item Cost” column for the item shall prevail and shall be divided by the estimated quantity for the item and the price thus obtained shall be the Unit Price.

For purposes of evaluating Bids, the District will correct any apparent errors in the extension of unit prices and any apparent errors in the addition of lump sum and extended prices.

The estimated quantities for Unit Price items are for purposes of comparing Bids only and the District makes no representation that the actual quantities of work performed will not vary from the estimates. Final payment shall be determined by the Engineer from measured quantities of work performed based upon the Unit Price.

The undersigned agrees that this Bid Form constitutes a firm offer to the District which cannot be withdrawn for the number of calendar days indicated in the Notice Inviting Bids from and after the Bid opening, or until a Contract for the Work is fully executed by the District and a third party, whichever is earlier.

The successful bidder hereby agrees to sign the Contract and furnish the necessary bonds and certificates of insurance within ten (10) working days after the District provides the successful bidder with the Notice of Award.

Upon receipt of the signed Contract and other required documents, the Contract will be executed by the District, after which the District will prepare a letter giving Contractor Notice to Proceed. The official starting date shall be the date of the Notice to Proceed, unless otherwise specified. The undersigned agrees to begin the Work within ten (10) working days of the date of the Notice to Proceed, unless otherwise specified.

The undersigned has examined the location of the proposed work and is familiar with the Drawings and Specifications and the local conditions at the place where work is to be done.

If awarded the Contract, the undersigned agrees that there shall be paid by the undersigned and by all subcontractors to all laborers, workers and mechanics employed in the execution of such Contract no less than the prevailing wage rate within Riverside County for each craft, classification, or type of worker needed to complete the Work contemplated by this Contract as established by the Director of the Department of Industrial Relations. A copy of the prevailing rate of per diem wages are on file at the District’s Administration Office and shall be made available to interested parties upon request.

Enclosed find cash, bidder’s bond, or cashier’s or certified check No. __________ from the ______________ Bank in the amount of ________________________________, which is not less than ten percent (10%) of this bid, payable to Riverside-Corona Resource Conservation District as bid security and which is given as a guarantee that the undersigned will enter into a Contract and provide the necessary bonds and certificates of insurance if awarded the Work.
The bidder furthermore agrees that in case of bidder’s default in executing said Contract and furnishing required bonds and certificates of insurance, the cash, bidder’s bond, or cashier’s or certified check accompanying this proposal and the money payable thereon shall become and shall remain the property of the Riverside-Corona Resource Conservation District.

Bidder is an individual ______, or corporation ______, or partnership ______, organized under the laws of the State of _______________________________.

Bidder confirms license(s) required by California State Contractor’s License Law for the performance of the subject project are in full effect and proper order. The following are the Bidder's applicable license number(s), with their expiration date(s) and class of license(s):

If the Bidder is a joint venture, each member of the joint venture must include the required licensing information.

Sureties that will furnish the Faithful Performance Bond and the Labor and Material Payment Bond, in the form specified herein, in an amount equal to one hundred percent (100%) of the contract price within ten (10) working days from the date the District provides the successful bidder the Notice of Award. Sureties must meet all of the State of California bonding requirements, as defined in California Code of Civil Procedure Section 995.120 and must be authorized by the State of California.

The insurance company or companies to provide the insurance required in the Contract documents must have a Financial Strength Rating of not less than “A-” and a Financial Size Category of not less than “Class VII” according to the latest Best Key Rating Guide. At the sole discretion of the District, the District may waive the Financial Strength Rating and the Financial Size Category classifications for Workers’ Compensation insurance.

RIVERSIDE-CORONA RESOURCE CONSERVATION DISTRICT

PUBLIC WORKS CONTRACT

[***INSERT PROJECT NAME***]

1. PARTIES AND DATE.

This Contract is made and entered into this [***INSERT DAY***] day of [***INSERT MONTH***], [***INSERT YEAR***] by and between the Riverside-Corona Resource Conservation District, a public agency and public corporation of the State of California (“District”) and [***INSERT NAME***], a [***INSERT TYPE OF ENTITY - CORPORATION, PARTNERSHIP, SOLE PROPRIETORSHIP OR OTHER LEGAL ENTITY***] with its principal place of business at [***INSERT ADDRESS***] (“Contractor”). District and Contractor are sometimes individually referred to as “Party” and collectively as “Parties” in this Contract.

2. RECITALS.

2.1 District. District is a public agency organized under the laws of the State of California, with power to contract for services necessary to achieve its purpose.

2.2 Contractor. Contractor desires to perform and assume responsibility for the provision of certain construction services required by the District on the terms and conditions set forth in this Contract. Contractor represents that it is duly licensed and experienced in providing [***INSERT DESCRIPTION OF PROJECT WORK***] related construction services to public clients, that it and its employees or subcontractors have all necessary licenses and permits to perform the services in the State of California, and that it is familiar with the plans of District. The following license classifications are required for this Project: [***INSERT LICENSE CLASSIFICATIONS***]

2.3 Project. District desires to engage Contractor to render such services for the [***INSERT PROJECT NAME***] (“Project”) as set forth in this Contract.

2.4 Project Documents & Certifications. Contractor has obtained, and delivers concurrently herewith, a performance bond, a payment bond, and all insurance documentation, as required by the Contract.

3. TERMS

3.1 Incorporation of Documents. This Contract includes and hereby incorporates in full by reference the following documents, including all exhibits, drawings, specifications and documents therein, and attachments and addenda thereto:

- Services/Schedule (Exhibit “A”)
- Plans and Specifications (Exhibit “B”)
- Special Conditions (Exhibit “C”)
- Contractor’s Certificate Regarding Workers’ Compensation (Exhibit “D”)
- Public Works Contractor Registration Certification (Exhibit “E”)
- Payment and Performance Bonds (Exhibit “F”)
- Federal Requirements (Exhibit “G”)
- Addenda
- Change Orders executed by the District
3.2 Contractor’s Basic Obligation; Scope of Work. Contractor promises and agrees, at its own cost and expense, to furnish to the District all labor, materials, tools, equipment, services, and incidental and customary work necessary to fully and adequately complete the Project, including all structures and facilities necessary for the Project or described in the Contract (hereinafter sometimes referred to as the “Work”), for a Total Contract Price as specified pursuant to this Contract. All Work shall be subject to, and performed in accordance with the above referenced documents, as well as the exhibits attached hereto and incorporated herein by reference. The plans and specifications for the Work are further described in Exhibit “B” attached hereto and incorporated herein by this reference. Special Conditions, if any, relating to the Work are described in Exhibit “C” attached hereto and incorporated herein by this reference.

3.2.1 Change in Scope of Work. Any change in the scope of the Work, method of performance, nature of materials or price thereof, or any other matter materially affecting the performance or nature of the Work shall not be paid for or accepted unless such change, addition or deletion is approved in writing by a valid change order executed by the District. Should Contractor request a change order due to unforeseen circumstances affecting the performance of the Work, such request shall be made within five (5) business days of the date such circumstances are discovered or shall waive its right to request a change order due to such circumstances. If the Parties cannot agree on any change in price required by such change in the Work, the District may direct the Contractor to proceed with the performance of the change on a time and materials basis.

3.2.2 Substitutions/“Or Equal”. Pursuant to Public Contract Code Section 3400(b), the District may make a finding that designates certain products, things, or services by specific brand or trade name. Unless specifically designated in this Contract, whenever any material, process, or article is indicated or specified by grade, patent, or proprietary name or by name of manufacturer, such Specifications shall be deemed to be used for the purpose of facilitating the description of the material, process or article desired and shall be deemed to be followed by the words “or equal.”

Contractor may, unless otherwise stated, offer for substitution any material, process or article which shall be substantially equal or better in every respect to that so indicated or specified in this Contract. However, the District may have adopted certain uniform standards for certain materials, processes and articles. Contractor shall submit requests, together with substantiating data, for substitution of any “or equal” material, process or article no later than thirty-five (35) days after award of the Contract. To facilitate the construction schedule and sequencing, some requests may need to be submitted before thirty-five (35) days after award of Contract. Provisions regarding submission of “or equal” requests shall not in any way authorize an extension of time for performance of this Contract. If a proposed “or equal” substitution request is rejected, Contractor shall be responsible for providing the specified material, process or article. The burden of proof as to the equality of any material, process or article shall rest with Contractor.

The District has the complete and sole discretion to determine if a material, process or article is an “or equal” material, process or article that may be substituted. Data
required to substantiate requests for substitutions of an “or equal” material, process or article.

Data shall include a signed affidavit from Contractor stating that, and describing how, the
substituted “or equal” material, process or article is equivalent to that specified in every way
except as listed on the affidavit. Substantiating data shall include any and all illustrations,
specifications, and other relevant data including catalog information which describes the
requested substituted “or equal” material, process or article, and substantiates that it is an “or
equal” to the material, process or article. The substantiating data must also include information
regarding the durability and lifecycle cost of the requested substituted “or equal” material,
process or article. Failure to submit all the required substantiating data, including the signed
affidavit, to the District in a timely fashion will result in the rejection of the proposed substitution.

Contractor shall bear all of the District’s costs associated with the review of
substitution requests. Contractor shall be responsible for all costs related to a substituted “or
equal” material, process or article. Contractor is directed to the Special Conditions (if any) to
review any findings made pursuant to Public Contract Code section 3400.

3.3 Period of Performance and Liquidated Damages. Contractor shall perform and
complete all Work under this Contract within [***INSERT NUMBER OF CALENDAR OR
WORKING DAYS***] days, beginning the effective date of the Notice to Proceed (“Contract
Time”). Contractor shall perform its Work in strict accordance with any completion schedule,
construction schedule or project milestones developed by the District. Such schedules or
milestones may be included as part of Exhibits “A” or “B” attached hereto, or may be provided
separately in writing to Contractor. Contractor agrees that if such Work is not completed within
the aforementioned Contract Time and/or pursuant to any such completion schedule,
construction schedule or project milestones developed pursuant to provisions of the Contract, it
is understood, acknowledged and agreed that the District will suffer damage. Pursuant to
Government Code Section 53069.85, Contractor shall pay to the District as fixed and liquidated
damages the sum of [***INSERT LIQUATED DAMAGES AMOUNT***] ($__________) per
day for each and every calendar day of delay beyond the Contract Time or beyond any
completion schedule, construction schedule or Project milestones established pursuant to the
Contract.

3.4 Standard of Performance; Performance of Employees. Contractor shall perform
all Work under this Contract in a skillful and workmanlike manner, and consistent with the
standards generally recognized as being employed by professionals in the same discipline in
the State of California. Contractor represents and maintains that it is skilled in the professional
calling necessary to perform the Work. Contractor warrants that all employees and
subcontractors shall have sufficient skill and experience to perform the Work assigned to them.
Finally, Contractor represents that it, its employees and subcontractors have all licenses,
permits, qualifications and approvals of whatever nature that are legally required to perform the
Work, including a valid business license, and that such licenses and approvals shall be
maintained throughout the term of this Contract. As provided for in the indemnification
provisions of this Contract, Contractor shall perform, at its own cost and expense and without
reimbursement from the District, any work necessary to correct errors or omissions which are
caused by Contractor’s failure to comply with the standard of care provided for herein. Any
employee who is determined by the District to be uncooperative, incompetent, a threat to the
safety of persons or the Work, or any employee who fails or refuses to perform the Work in a
manner acceptable to the District, shall be promptly removed from the Project by Contractor and
shall not be re-employed on the Work.

3.5 Control and Payment of Subordinates; Contractual Relationship. District retains
Contractor on an independent contractor basis and Contractor is not an employee of District.
Any additional personnel performing the work governed by this Contract on behalf of Contractor shall at all times be under Contractor’s exclusive direction and control. Contractor shall pay all wages, salaries, and other amounts due such personnel in connection with their performance under this Contract and as required by law. Contractor shall be responsible for all reports and obligations respecting such additional personnel, including, but not limited to: social security taxes, income tax withholding, unemployment insurance, and workers’ compensation insurance.

3.6 District’s Basic Obligation. District agrees to engage and does hereby engage Contractor as an independent contractor to furnish all materials and to perform all Work according to the terms and conditions herein contained for the sum set forth above. Except as otherwise provided in the Contract, the District shall pay to Contractor, as full consideration for the satisfactory performance by Contractor of the services and obligations required by this Contract, the below-referenced compensation in accordance with compensation provisions set forth in the Contract.

3.7 Compensation and Payment.

3.7.1 Amount of Compensation. As consideration for performance of the Work required herein, District agrees to pay Contractor the Total Contract Price of __________________ Dollars ($_______) (“Total Contract Price”) provided that such amount shall be subject to adjustment pursuant to the applicable terms of this Contract or written change orders approved and signed in advance by the District.

3.7.2 Payment of Compensation. If the Work is scheduled for completion in thirty (30) or less calendar days, District will arrange for payment of the Total Contract Price upon completion and approval by District of the Work. If the Work is scheduled for completion in more than thirty (30) calendar days, District will pay Contractor on a monthly basis as provided for herein. On or before the fifth (5th) day of each month, Contractor shall submit to the District an itemized application for payment in the format supplied by the District indicating the amount of Work completed since commencement of the Work or since the last progress payment. These applications shall be supported by evidence which is required by this Contract and such other documentation as the District may require. The Contractor shall certify that the Work for which payment is requested has been done and that the materials listed are stored where indicated. Contractor may be required to furnish a detailed schedule of values upon request of the District and in such detail and form as the District shall request, showing the quantities, unit prices, overhead, profit, and all other expenses involved in order to provide a basis for determining the amount of progress payments.

3.7.3 Prompt Payment. District shall review and pay all progress payment requests in accordance with the provisions set forth in Section 20104.50 of the California Public Contract Code. However, no progress payments will be made for Work not completed in accordance with this Contract. Contractor shall comply with all applicable laws, rules and regulations relating to the proper payment of its employees, subcontractors, suppliers or others.

3.7.4 Contract Retentions. From each approved progress estimate, five percent (5%) will be deducted and retained by the District, and the remainder will be paid to Contractor. All Contract retention shall be released and paid to Contractor and subcontractors pursuant to California Public Contract Code Section 7107.

3.7.5 Other Retentions. In addition to Contract retentions, the District may deduct from each progress payment an amount necessary to protect District from loss because of: (1) liquidated damages which have accrued as of the date of the application for payment; (2) any sums expended by the District in performing any of Contractor’s obligations under the
Contract which Contractor has failed to perform or has performed inadequately; (3) defective Work not remedied; (4) stop notices as allowed by state law; (5) reasonable doubt that the Work can be completed for the unpaid balance of the Total Contract Price or within the scheduled completion date; (6) unsatisfactory prosecution of the Work by Contractor; (7) unauthorized deviations from the Contract; (8) failure of Contractor to maintain or submit on a timely basis proper and sufficient documentation as required by the Contract or by District during the prosecution of the Work; (9) erroneous or false estimates by Contractor of the value of the Work performed; (10) any sums representing expenses, losses, or damages as determined by the District, incurred by the District for which Contractor is liable under the Contract; and (11) any other sums which the District is entitled to recover from Contractor under the terms of the Contract or pursuant to state law, including Section 1727 of the California Labor Code. The failure by the District to deduct any of these sums from a progress payment shall not constitute a waiver of the District's right to such sums.

3.7.6 Substitutions for Contract Retentions. In accordance with California Public Contract Code Section 22300, the District will permit the substitution of securities for any monies withheld by the District to ensure performance under the Contract. At the request and expense of Contractor, securities equivalent to the amount withheld shall be deposited with the District, or with a state or federally chartered bank in California as the escrow agent, and thereafter the District shall then pay such monies to Contractor as they come due. Upon satisfactory completion of the Contract, the securities shall be returned to Contractor. For purposes of this Section and Section 22300 of the Public Contract Code, the term “satisfactory completion of the contract” shall mean the time the District has issued written final acceptance of the Work and filed a Notice of Completion as required by law and provisions of this Contract. Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this Section shall be in the form provided by the District.

3.7.7 Title to Work. As security for partial, progress, or other payments, title to Work for which such payments are made shall pass to the District at the time of payment. To the extent that title has not previously been vested in the District by reason of payments, full title shall pass to the District at delivery of the Work at the destination and time specified in this Contract. Such transferred title shall in each case be good, free and clear from any and all security interests, liens, or other encumbrances. Contractor promises and agrees that it will not pledge, hypothecate, or otherwise encumber the items in any manner that would result in any lien, security interest, charge, or claim upon or against said items. Such transfer of title shall not imply acceptance by the District, nor relieve Contractor from the responsibility to strictly comply with the Contract, and shall not relieve Contractor of responsibility for any loss of or damage to items.

3.7.8 Labor and Material Releases. Contractor shall furnish District with labor and material releases from all subcontractors performing work on, or furnishing materials for, the Work governed by this Contract prior to final payment by District.

3.7.9 Prevailing Wages. Contractor is aware of the requirements of California Labor Code Section 1720 et seq., and 1770 et seq., as well as California Code of Regulations, Title 8, Section 16000 et seq., (“Prevailing Wage Laws”), which require the payment of prevailing wage rates and the performance of other requirements on “public works” and “maintenance” projects. Since the Services are being performed as part of an applicable “public works” or “maintenance” project, as defined by the Prevailing Wage Laws, and since the total compensation is $1,000 or more, Contractor agrees to fully comply with such Prevailing Wage Laws. District shall provide Contractor with a copy of the prevailing rates of per diem wages in
Effect at the commencement of this Contract. Contractor shall make copies of the prevailing rates of per diem wages for each craft, classification or type of worker needed to execute the Services available to interested parties upon request, and shall post copies at Contractor’s principal place of business and at the project site. Contractor shall defend, indemnify and hold the District, its officials, officers, employees and agents free and harmless from any claim or liability arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. Contractor and any subcontractor shall forfeit a penalty of up to $200 per calendar day or portion thereof for each worker paid less than the prevailing wage rates.

3.7.10 Apprenticeable Crafts. When Contractor employs workmen in an apprenticeable craft or trade, Contractor shall comply with the provisions of Section 1777.5 of the California Labor Code with respect to the employment of properly registered apprentices upon public works. The primary responsibility for compliance with said section for all apprenticeable occupations shall be with Contractor. The Contractor or any subcontractor that is determined by the Labor Commissioner to have knowingly violated Section 1777.5 shall forfeit as a civil penalty an amount not exceeding $100 for each full calendar day of noncompliance, or such greater amount as provided by law.

3.7.11 Hours of Work. Contractor is advised that eight (8) hours labor constitutes a legal day’s work. Pursuant to Section 1813 of the California Labor Code, Contractor shall forfeit a penalty of $25.00 per worker for each day that each worker is permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week, except when payment for overtime is made at not less than one and one-half (1-1/2) times the basic rate for that worker.

3.7.12 Payroll Records. Contractor and each subcontractor shall keep an accurate payroll record, showing the name, address, social security number, work classification, straight time and overtime hours worked each day and week, and the actual per diem wages paid to each journeyman, apprentice, worker, or other employee employed by him or her in connection with the public work. The payroll records shall be certified and shall be available for inspection at all reasonable hours at the principal office of Contractor in the manner provided in Labor Code section 1776. In the event of noncompliance with the requirements of this section, Contractor shall have 10 days in which to comply subsequent to receipt of written notice specifying in what respects such Contractor must comply with this section. Should noncompliance still be evident after such 10-day period, Contractor shall, as a penalty to District, forfeit not more than $100.00 for each calendar day or portion thereof, for each worker, until strict compliance is effectuated. The amount of the forfeiture is to be determined by the Labor Commissioner. A contractor who is found to have violated the provisions of law regarding wages on Public Works with the intent to defraud shall be ineligible to bid on Public Works contracts for a period of one to three years as determined by the Labor Commissioner. Upon the request of the Division of Apprenticeship Standards or the Division of Labor Standards Enforcement, such penalties shall be withheld from progress payments then due. The responsibility for compliance with this section is on Contractor. The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Section 1771.4.

3.7.13 Contractor and Subcontractor Registration. Pursuant to Labor Code sections 1725.5 and 1771.1, all contractors and subcontractors that wish to bid on, be listed in a bid proposal, or enter into a contract to perform public work must be registered with the Department of Industrial Relations. No bid will be accepted nor any contract entered into without proof of the contractor’s and subcontractors’ current registration with the Department of
Industrial Relations to perform public work. Contractor is directed to review, fill out and execute the Public Works Contractor Registration Certification attached hereto as Exhibit “E” prior to contract execution. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

3.7.14 Labor Compliance. This Project is subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be the Contractor’s sole responsibility to evaluate and pay the cost of complying with all labor compliance requirements under this Contract and applicable law. Any stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor that affect Contractor’s performance of Work, including any delay, shall be Contractor’s sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Contractor caused delay subject to any applicable liquidated damages and shall not be compensable by the District. Contractor shall defend, indemnify and hold the District, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Contractor or any subcontractor.

3.8 Performance of Work; Jobsite Obligations.

3.8.1.1 Water Quality Management and Compliance. Contractor shall keep itself and all subcontractors, staff, and employees fully informed of and in compliance with all local, state and federal laws, rules and regulations that may impact, or be implicated by the performance of the Work including, without limitation, all applicable provisions of the Federal Water Pollution Control Act (33 U.S.C. §§ 1300); the California Porter-Cologne Water Quality Control Act (Cal Water Code §§ 13000-14950); local ordinances regulating discharges of storm water; and any and all regulations, policies, or permits issued pursuant to any such authority regulating the discharge of pollutants, as that term is used in the Porter-Cologne Water Quality Control Act, to any ground or surface water in the State.

3.8.1.2 Compliance with the Statewide Construction General Permit. Contractor shall comply with all conditions of the most recent iteration of the National Pollutant Discharge Elimination System General Permit for Storm Water Discharges Associated with Construction Activity, issued by the California State Water Resources Control Board (“Permit”). It shall be Contractor’s sole responsibility to file a Notice of Intent and procure coverage under the Permit for all construction activity which results in the disturbance of more than one acre of total land area or which is part of a larger common area of development or sale. Prior to initiating work, Contractor shall be solely responsible for preparing and implementing a Storm Water Pollution Prevention Plan (SWPPP) as required by the Permit. Contractor shall be responsible for procuring, implementing and complying with the provisions of the Permit and the SWPPP, including the standard provisions, and monitoring and reporting requirements as required by the Permit. The Permit requires the SWPPP to be a “living document” that changes as necessary to meet the conditions and requirements of the job site as it progresses through difference phases of construction and is subject to different weather conditions. It shall be Contractor’s sole responsibility to update the SWPPP as necessary to address conditions at the project site.

3.8.1.3 Other Water Quality Rules Regulations and Policies. Contractor shall comply with the lawful requirements of any applicable municipality, drainage
District, or local agency regarding discharges of storm water to separate storm drain systems or other watercourses under their jurisdiction, including applicable requirements in municipal storm water management programs.

3.8.1.4 Cost of Compliance. Storm, surface, nuisance, or other waters may be encountered at various times during construction of The Work. Therefore, the Contractor, by submitting a Bid, hereby acknowledges that it has investigated the risk arising from such waters, has prepared its Bid accordingly, and assumes any and all risks and liabilities arising therefrom.

3.8.1.5 Liability for Non-Compliance. Failure to comply with the Permit is a violation of federal and state law. Pursuant to the indemnification provisions of this Contract, Contractor hereby agrees to defend, indemnify and hold harmless the District and its directors, officials, officers, employees, volunteers and agents for any alleged violations. In addition, District may seek damages from Contractor for any delay in completing the Work in accordance with the Contract, if such delay is caused by or related to Contractor’s failure to comply with the Permit.

3.8.1.6 Reservation of Right to Defend. District reserves the right to defend any enforcement action brought against the District for Contractor’s failure to comply with the Permit or any other relevant water quality law, regulation, or policy. Pursuant to the indemnification provisions of this Contract, Contractor hereby agrees to be bound by, and to reimburse the District for the costs (including the District’s attorney’s fees) associated with, any settlement reached between the District and the relevant enforcement entity.

3.8.1.7 Training. In addition to the standard of performance requirements set forth in paragraph 3.4, Contractor warrants that all employees and subcontractors shall have sufficient skill and experience to perform the Work assigned to them without impacting water quality in violation of the laws, regulations and policies described in paragraph 3.8.1. Consultant further warrants that it, its employees and subcontractors will receive adequate training, as determined by District, regarding the requirements of the laws, regulations and policies described in paragraph 3.8.1 as they may relate to the Work provided under this Agreement. Upon request, District will provide the Contractor with a list of training programs that meet the requirements of this paragraph.

3.8.2 Safety. Contractor shall execute and maintain its work so as to avoid injury or damage to any person or property. Contractor shall comply with the requirements of the specifications relating to safety measures applicable in particular operations or kinds of work. In carrying out its Work, Contractor shall at all times be in compliance with all applicable local, state and federal laws, rules and regulations, and shall exercise all necessary precautions for the safety of employees appropriate to the nature of the Work and the conditions under which the Work is to be performed. Safety precautions as applicable shall include, but shall not be limited to, adequate life protection and lifesaving equipment; adequate illumination for underground and night operations; instructions in accident prevention for all employees, such as machinery guards, safe walkways, scaffolds, ladders, bridges, gang planks, confined space procedures, trenching and shoring, fall protection and other safety devices, equipment and wearing apparel as are necessary or lawfully required to prevent accidents or injuries; and adequate facilities for the proper inspection and maintenance of all safety measures. Furthermore, Contractor shall prominently display the names and telephone numbers of at least two medical doctors practicing in the vicinity of the Project, as well as the telephone number of the local ambulance service, adjacent to all telephones at the Project site.
3.8.3 **Laws and Regulations.** Contractor shall keep itself fully informed of and in compliance with all local, state and federal laws, rules and regulations in any manner affecting the performance of the Contract or the Work, including all Cal/OSHA requirements, and shall give all notices required by law. Contractor shall be liable for all violations of such laws and regulations in connection with Work. If Contractor observes that the drawings or specifications are at variance with any law, rule or regulation, it shall promptly notify the District in writing. Any necessary changes shall be made by written change order. If Contractor performs any work knowing it to be contrary to such laws, rules and regulations and without giving written notice to the District, Contractor shall be solely responsible for all costs arising therefrom. District is a public entity of the State of California subject to certain provisions of the Health & Safety Code, Government Code, Public Contract Code, and Labor Code of the State. It is stipulated and agreed that all provisions of the law applicable to the public contracts of a municipality are a part of this Contract to the same extent as though set forth herein and will be complied with. Contractor shall defend, indemnify and hold District, its officials, directors, officers, employees and agents free and harmless, pursuant to the indemnification provisions of this Contract, from any claim or liability arising out of any failure or alleged failure to comply with such laws, rules or regulations.

3.8.4 **Permits and Licenses.** Contractor shall be responsible for securing District permits and licenses necessary to perform the Work described herein, including, but not limited to, an District Business License. While Contractor will not be charged a fee for any District permits, Contractor shall pay the District’s applicable business license fee. Any ineligible contractor or subcontractor pursuant to Labor Code Sections 1777.1 and 1777.7 may not perform work on this Project.

3.8.5 **Trenching Work.** If the Total Contract Price exceeds $25,000 and if the Work governed by this Contract entails excavation of any trench or trenches five (5) feet or more in depth, Contractor shall comply with all applicable provisions of the California Labor Code, including Section 6705. To this end, Contractor shall submit for District’s review and approval a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. If such plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer.

3.8.6 **Hazardous Materials and Differing Conditions.** As required by California Public Contract Code Section 7104, if this Contract involves digging trenches or other excavations that extend deeper than four (4) feet below the surface, Contractor shall promptly, and prior to disturbance of any conditions, notify District of: (1) any material discovered in excavation that Contractor believes to be a hazardous waste that is required to be removed to a Class I, Class II or Class III disposal site; (2) subsurface or latent physical conditions at the site differing from those indicated by District; and (3) unknown physical conditions of an unusual nature at the site, significantly different from those ordinarily encountered in such contract work. Upon notification, District shall promptly investigate the conditions to determine whether a change order is appropriate. In the event of a dispute, Contractor shall not be excused from any scheduled completion date and shall proceed with all Work to be performed under the Contract, but shall retain all rights provided by the Contract or by law for making protests and resolving the dispute.

3.8.7 **Underground Utility Facilities.** To the extent required by Section 4215 of the California Government Code, District shall compensate Contractor for the costs of: (1) locating and repairing damage to underground utility facilities not caused by the failure of Contractor to exercise reasonable care; (2) removing or relocating underground utility facilities...
not indicated in the construction drawings; and (3) equipment necessarily idled during such work. Contractor shall not be assessed liquidated damages for delay caused by failure of District to provide for removal or relocation of such utility facilities.

3.8.8 Air Quality. Contractor must fully comply with all applicable laws, rules and regulations in furnishing or using equipment and/or providing services, including, but not limited to, emissions limits and permitting requirements imposed by the California Air Resources Board (CARB). Although CARB limits and requirements are more broad, Contractor shall specifically be aware of their application to "portable equipment", which definition is considered by CARB to include any item of equipment with a fuel-powered engine. Contractor shall indemnify District against any fines or penalties imposed by CARB, or any other governmental or regulatory agency for violations of applicable laws, rules and/or regulations by Contractor, its subcontractors, or others for whom Contractor is responsible under its indemnity obligations provided for in this Agreement.

3.8.9 State Recycling Mandates. Contractor shall comply with State Recycling Mandates. Any recyclable materials/debris collected by the contractor that can be feasibly diverted via reuse or recycling must be hauled by the appropriate handler for reuse or recycling.

3.9 Completion of Work. When Contractor determines that it has completed the Work required herein, Contractor shall so notify District in writing and shall furnish all labor and material releases required by this Contract. District shall thereupon inspect the Work. If the Work is not acceptable to the District, the District shall indicate to Contractor in writing the specific portions or items of Work which are unsatisfactory or incomplete. Once Contractor determines that it has completed the incomplete or unsatisfactory Work, Contractor may request a reinspection by the District. Once the Work is acceptable to District, District shall pay to Contractor the Total Contract Price remaining to be paid, less any amount which District may be authorized or directed by law to retain. Payment of retention proceeds due to Contractor shall be made in accordance with Section 7107 of the California Public Contract Code.

3.10 Claims; Government Code Claim Compliance.

3.10.1 Intent. Effective January 1, 1991, Section 20104 et seq., of the California Public Contract Code prescribes a process utilizing informal conferences, non-binding judicial supervised mediation, and judicial arbitration to resolve disputes on construction claims of $375,000 or less. Effective January 1, 2017, Section 9204 of the Public Contract Code prescribes a process for negotiation and mediation to resolve disputes on construction claims. The intent of this Section is to implement Sections 20104 et seq. and Section 9204 of the California Public Contract Code. This Section shall be construed to be consistent with said statutes.

3.10.2 Claims. For purposes of this Section, “Claim” means a separate demand by the Contractor, after a change order duly requested in accordance with the terms of this Contract has been denied by the District, for (A) a time extension, (B) payment of money or damages arising from Work done by or on behalf of the Contractor pursuant to the Contract, or (C) an amount the payment of which is disputed by the District. Claims governed by this Section may not be filed unless and until the Contractor completes all procedures for giving notice of delay or change and for the requesting of a time extension or change order, including but not necessarily limited to the change order procedures contained herein, and Contractor’s request for a change has been denied in whole or in part. Claims governed by this Section must be filed no later than the date of final payment. The claim shall be submitted in writing to the District and shall include on its first page the following in 16 point capital font: “THIS IS A
CLAIM.” Furthermore, the claim shall include the documents necessary to substantiate the claim. Nothing in this Section is intended to extend the time limit or supersede notice requirements otherwise provided by contract for the filing of claims, including all requirements pertaining to compensation or payment for extra Work, disputed Work, and/or changed conditions. Failure to follow such contractual requirements shall bar any claims or subsequent lawsuits for compensation or payment thereon.

3.10.3 **Supporting Documentation.** The Contractor shall submit all claims in the following format:

3.10.3.1 Summary of claim merit and price, reference Contract Document provisions pursuant to which the claim is made

3.10.3.2 List of documents relating to claim:

(A) Specifications

(B) Drawings

(C) Clarifications (Requests for Information)

(D) Schedules

(E) Other

3.10.3.3 Chronology of events and correspondence

3.10.3.4 Analysis of claim merit

3.10.3.5 Analysis of claim cost

3.10.3.6 Time impact analysis in CPM format

3.10.4 **District’s Response.** Upon receipt of a claim pursuant to this Section, District shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the Contractor a written statement identifying what portion of the claim is disputed and what portion is undisputed. Any payment due on an undisputed portion of the claim will be processed and made within 60 days after the public entity issues its written statement.

3.10.4.1 If District needs approval from its governing body to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the claim, and the governing body does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, District shall have up to three days following the next duly publicly noticed meeting of the governing body after the 45-day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.

3.10.4.2 Within 30 days of receipt of a claim, District may request in writing additional documentation supporting the claim or relating to defenses or claims District may have against the Contractor. If additional information is thereafter required, it shall be
requested and provided pursuant to this subdivision, upon mutual agreement of District and the Contractor.

3.10.4.3 District’s written response to the claim, as further documented, shall be submitted to the Contractor within 30 days (if the claim is less than $50,000, within 15 days) after receipt of the further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.

3.10.5 Meet and Confer. If the Contractor disputes District’s written response, or District fails to respond within the time prescribed, the Contractor may so notify District, in writing, either within 15 days of receipt of District’s response or within 15 days of District’s failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand, District shall schedule a meet and confer conference within 30 days for settlement of the dispute.

3.10.6 Mediation. Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, District shall provide the Contractor a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after District issues its written statement. Any disputed portion of the claim, as identified by the Contractor in writing, shall be submitted to nonbinding mediation, with District and the Contractor sharing the associated costs equally. District and Contractor shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing, unless the parties agree to select a mediator at a later time.

3.10.6.1 If the Parties cannot agree upon a mediator, each Party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each Party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

3.10.6.2 For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the Parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

3.10.6.3 Unless otherwise agreed to by District and the Contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Section 20104.4 to mediate after litigation has been commenced.

3.10.6.4 The mediation shall be held no earlier than the date the Contractor completes the Work or the date that the Contractor last performs Work, whichever is earlier. All unresolved claims shall be considered jointly in a single mediation, unless a new unrelated claim arises after mediation is completed.

3.10.7 Procedures After Mediation. If following the mediation, the claim or any portion remains in dispute, the Contractor must file a claim pursuant to Chapter 1 (commencing with Section 900) and Chapter 2 (commencing with Section 910) of Part 3 of Division 3.6 of Title 1 of the Government Code. For purposes of those provisions, the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits his or her
written claim pursuant to subdivision (a) until the time the claim is denied, including any period of time utilized by the meet and confer conference or mediation.

3.10.8 Civil Actions. The following procedures are established for all civil actions filed to resolve claims subject to this Section:

3.10.8.1 Within 60 days, but no earlier than 30 days, following the filing or responsive pleadings, the court shall submit the matter to non-binding mediation unless waived by mutual stipulation of both parties or unless mediation was held prior to commencement of the action in accordance with Public Contract Code section 9204 and the terms of these procedures. The mediation process shall provide for the selection within 15 days by both parties of a disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall be concluded within 15 days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court.

3.10.8.2 If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1114.11 of that code. The Civil Discovery Act of 1986 (Article 3 (commencing with Section 2016) of Chapter 3 of Title 3 of Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

3.10.8.3 In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, (A) arbitrators shall, when possible, be experienced in construction law, and (B) any party appealing an arbitration award who does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, also pay the attorney’s fees on appeal of the other party.

3.10.9 Government Code Claims. In addition to any and all contract requirements pertaining to notices of and requests for compensation or payment for extra work, disputed work, claims and/or changed conditions, Contractor must comply with the claim procedures set forth in Government Code sections 900 et seq. prior to filing any lawsuit against the District. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, claims, and/or changed conditions have been followed by Contractor. If no such Government Code claim is submitted, or if any prerequisite contractual requirements are not otherwise satisfied as specified herein, Contractor shall be barred from bringing and maintaining a valid lawsuit against the District. A Government Code claim must be filed no earlier than the date the work is completed or the date the Contractor last performs work on the Project, whichever occurs first. A Government Code claim shall be inclusive of all unresolved claims unless a new unrelated claim arises after the Government Code claim is submitted.

3.10.10 Non-Waiver. District’s failure to respond to a claim from the Contractor within the time periods described in this Section or to otherwise meet the time requirements of this Section shall result in the claim being deemed rejected in its entirety. District’s failure to respond shall not waive District’s rights to any subsequent procedures for the resolution of disputed claims.

3.11 Loss and Damage. Except as may otherwise be limited by law, Contractor shall be responsible for all loss and damage which may arise out of the nature of the Work agreed to herein, or from the action of the elements, or from any unforeseen difficulties which may arise or be encountered in the prosecution of the Work until the same is fully completed and accepted.
by District. In the event of damage proximately caused by an Act of God, as defined by Section 7105 of the Public Contract Code, the District may terminate this Contract pursuant to Section 3.17.3; provided, however, that the District needs to provide Contractor with only one (1) day advanced written notice.

3.12 Indemnification.

3.12.1 Scope of Indemnity. To the fullest extent permitted by law, Contractor shall defend, indemnify and hold the District, its officials, employees, agents and authorized volunteers free and harmless from any and all claims, demands, causes of action, suits, actions, proceedings, costs, expenses, liability, judgments, awards, decrees, settlements, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, (collectively, “Claims”) in any manner arising out of, pertaining to, or incident to any alleged acts, errors or omissions, or willful misconduct of Contractor, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Contractor’s services, the Project or this Agreement, including without limitation the payment of all consequential damages, expert witness fees and attorneys’ fees and other related costs and expenses. Notwithstanding the foregoing, to the extent required by Civil Code section 2782, Contractor’s indemnity obligation shall not apply to liability for damages for death or bodily injury to persons, injury to property, or any other loss, damage or expense arising from the sole or active negligence or willful misconduct of the District or the District’s agents, servants, or independent contractors who are directly responsible to the District, or for defects in design furnished by those persons.

3.12.2 Additional Indemnity Obligations. Contractor shall defend, with counsel of District’s choosing and at Contractor’s own cost, expense and risk, any and all Claims covered by this section that may be brought or instituted against District or its officials, employees, agents and authorized volunteers. In addition, Contractor shall pay and satisfy any judgment, award or decree that may be rendered against District or its officials, employees, agents and authorized volunteers as part of any such claim, suit, action or other proceeding. Contractor shall also reimburse District for the cost of any settlement paid by District or its officials, employees, agents and authorized volunteers as part of any such claim, suit, action or other proceeding. Such reimbursement shall include payment for District’s attorney’s fees and costs, including expert witness fees. Contractor shall reimburse District and its officials, employees, agents and authorized volunteers, for any and all legal expenses and costs incurred by each of them in connection therewith or in enforcing the indemnity herein provided. Contractor’s obligation to indemnify shall not be restricted to insurance proceeds, if any, received by the District, its officials, employees, agents and authorized volunteers.

3.13 Insurance. [***DISTRICT RISK MANAGER TO REVIEW TO DETERMINE WHETHER LIMITS ARE ACCEPTABLE***]

3.13.1 Time for Compliance. Contractor shall not commence Work under this Contract until it has provided evidence satisfactory to the District that it has secured all insurance required under this section. In addition, Contractor shall not allow any subcontractor to commence work on any subcontract until it has provided evidence satisfactory to the District that the subcontractor has secured all insurance required under this section. Failure to provide and maintain all required insurance shall be grounds for the District to terminate this Contract for cause.

3.13.2 Minimum Requirements. Contractor shall, at its expense, procure and maintain for the duration of the Contract insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Work.
hereunder by Contractor, its agents, representatives, employees or subcontractors. Contractor shall also require all of its subcontractors to procure and maintain the same insurance for the duration of the Contract. Such insurance shall meet at least the following minimum levels of coverage:

3.13.2.1 Minimum Scope of Insurance. Coverage shall be at least as broad as the latest version of the following: (1) General Liability: Insurance Services Office Commercial General Liability coverage (occurrence form CG 00 01) OR Insurance Services Office Owners and Contractors Protective Liability Coverage Form (CG 00 09 11 88) (coverage for operations of designated contractor); (2) Automobile Liability: Insurance Services Office Business Auto Coverage form number CA 00 01, code 1 (any auto); and (3) Workers’ Compensation and Employer’s Liability: Workers’ Compensation insurance as required by the State of California and Employer’s Liability Insurance. Policies shall not contain exclusions contrary to this Contract.

3.13.2.2 Minimum Limits of Insurance. Contractor shall maintain limits no less than: (1) General Liability: $5,000,000 per occurrence and $5,000,000 aggregate for bodily injury, personal injury and property damage; (2) Automobile Liability: $5,000,000 per accident for bodily injury and property damage; and (3) Workers’ Compensation and Employer’s Liability: Workers’ compensation limits as required by the Labor Code of the State of California. Employer’s Liability limits of $1,000,000 each accident, policy limit bodily injury or disease, and each employee bodily injury or disease. Defense costs shall be available in addition to the limits. Notwithstanding the minimum limits specified herein, any available coverage shall be provided to the parties required to be named as additional insureds pursuant to this Contract.

3.13.3 Insurance Endorsements. The insurance policies shall contain the following provisions, or Contractor shall provide endorsements (amendments) on forms supplied or approved by the District to add the following provisions to the insurance policies:

3.13.3.1 General Liability. (1) Such policy shall give the District, its officials, employees, agents and authorized volunteers additional insured status using ISO endorsements CG20 10 10 01 plus CG20 37 10 01, or endorsements providing the exact same coverage, with respect to the Work or operations performed by or on behalf of Contractor, including materials, parts or equipment furnished in connection with such work; (2) all policies shall waive or shall permit Contractor to waive all rights of subrogation which may be obtained by the Contractor or any insurer by virtue of payment of any loss or any coverage provided to any person named as an additional insured pursuant to this Contract, and Contractor agrees to waive all such rights of subrogation; and (3) the insurance coverage shall be primary insurance as respects the District, its officials, employees, agents and authorized volunteers, or if excess, shall stand in an unbroken chain of coverage excess of Contractor’s scheduled underlying coverage. Any insurance or self-insurance maintained by the District, its officials, employees, agents and authorized volunteers shall be excess of Contractor’s insurance and shall not be called upon to contribute with it.

3.13.3.2 Automobile Liability. (1) Such policy shall give the District, its officials, employees, agents and authorized volunteers additional insured status with respect to the ownership, operation, maintenance, use, loading or unloading of any auto owned, leased, hired or borrowed by Contractor or for which Contractor is responsible; (2) all policies shall waive or shall permit Contractor to waive all rights of subrogation which may be obtained by the Contractor or any insurer by virtue of payment of any loss or any coverage provided to any person named as an additional insured pursuant to this Contract, and Contractor agrees to waive all such rights of subrogation; and (3) the insurance coverage shall be primary insurance
as respects the District, its officials, employees, agents and authorized volunteers, or if excess,
shall stand in an unbroken chain of coverage excess of Contractor’s scheduled underlying
coverage. Any insurance or self-insurance maintained by the District, its officials, employees,
agents and authorized volunteers shall be excess of Contractor’s insurance and shall not be
called upon to contribute with it in any way.

3.13.3.3 Workers’ Compensation and Employer’s Liability
Coverage. The insurer shall agree to waive all rights of subrogation against the District, its
officials, employees, agents and authorized volunteers for losses paid under the terms of the
insurance policy which arise from work performed by Contractor.

3.13.3.4 All Coverages. Each insurance policy required by this
Contract shall be endorsed to state that: (1) coverage shall not be suspended, voided, reduced
or canceled except after thirty (30) days prior written notice by certified mail, return receipt
requested, has been given to the District; and (2) any failure to comply with reporting or other
provisions of the policies, including breaches of warranties, shall not affect coverage provided to
the District, its officials, employees, agents and authorized volunteers.

3.13.4 Separation of Insureds; No Special Limitations. All insurance
required by this Section shall contain standard separation of insureds provisions. In addition,
such insurance shall not contain any special limitations on the scope of protection afforded to
the District, its officials, employees, agents and authorized volunteers.

3.13.5 Deductibles and Self-Insurance Retentions. Any deductibles or
self-insured retentions must be declared to and approved by the District. Contractor shall
promise that, at the option of the District, either: (1) the insurer shall reduce or eliminate such
deductibles or self-insured retentions as respects the District, its officials, employees, agents
and authorized volunteers; or (2) the Contractor shall procure a bond or other financial
guarantee acceptable to the District guaranteeing payment of losses and related investigation
costs, claims and administrative and defense expenses.

3.13.6 Acceptability of Insurers. Insurance is to be placed with insurers
with a current A.M. Best’s rating no less than A:VII, licensed to do business in California, and
satisfactory to the District. Exception may be made for the State Compensation Insurance Fund
when not specifically rated.

3.13.7 Verification of Coverage. Contractor shall furnish District with
original certificates of insurance and endorsements effecting coverage required by this Contract
on forms satisfactory to the District. The certificates and endorsements for each insurance
policy shall be signed by a person authorized by that insurer to bind coverage on its behalf, and
shall be on forms supplied or approved by the District. All certificates and endorsements must
be received and approved by the District before work commences. The District reserves the
right to require complete, certified copies of all required insurance policies, at any time.

3.13.8 Subcontractors. All subcontractors shall meet the requirements of
this Section before commencing Work. Contractor shall furnish separate certificates and
endorsements for each subcontractor. Subcontractor policies of General Liability insurance
shall name the District, its officials, employees, agents and authorized volunteers as additional
insureds using form ISO 20 38 04 13 or endorsements providing the exact same coverage. All
coverages for subcontractors shall be subject to all of the requirements stated herein except as
otherwise agreed to by the District in writing.
3.13.9 Reporting of Claims. Contractor shall report to the District, in addition to Contractor’s insurer, any and all insurance claims submitted by Contractor in connection with the Work under this Contract.

3.14 Bond Requirements.

3.14.1 Payment Bond. If required by law or otherwise specifically requested by District in Exhibit “C” attached hereto and incorporated herein by reference, Contractor shall execute and provide to District concurrently with this Contract a Payment Bond in an amount required by the District and in a form provided or approved by the District. If such bond is required, no payment will be made to Contractor until the bond has been received and approved by the District.

3.14.2 Performance Bond. If specifically requested by District in Exhibit “C” attached hereto and incorporated herein by reference, Contractor shall execute and provide to District concurrently with this Contract a Performance Bond in an amount required by the District and in a form provided or approved by the District. If such bond is required, no payment will be made to Contractor until the bond has been received and approved by the District.

3.14.3 Bond Provisions. Should, in District’s sole opinion, any bond become insufficient or any surety be found to be unsatisfactory, Contractor shall renew or replace the effected bond within (ten) 10 days of receiving notice from District. In the event the surety or Contractor intends to reduce or cancel any required bond, at least thirty (30) days prior written notice shall be given to the District, and Contractor shall post acceptable replacement bonds at least ten (10) days prior to expiration of the original bonds. No further payments shall be deemed due or will be made under this Contract until any replacement bonds required by this Section are accepted by the District. To the extent, if any, that the Total Contract Price is increased in accordance with the Contract, Contractor shall, upon request of the District, cause the amount of the bond to be increased accordingly and shall promptly deliver satisfactory evidence of such increase to the District. If Contractor fails to furnish any required bond, the District may terminate the Contract for cause.

3.14.4 Surety Qualifications. Only bonds executed by an admitted surety insurer, as defined in California Code of Civil Procedure Section 995.120, shall be accepted. If a California-admitted surety insurer issuing bonds does not meet these requirements, the insurer will be considered qualified if it is in conformance with Section 995.660 of the California Code of Civil Procedure, and proof of such is provided to the District.

3.15 Warranty. Contractor warrants all Work under the Contract (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the Work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Contract or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the Work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the District of any defect in the Work or non-conformance of the Work to the Contract, commence and prosecute with due diligence all Work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act sooner as requested by the District in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair and replace any portions of the Work (or work of other contractors) damaged by its defective Work or which becomes damaged in the course of repairing or replacing defective Work. For any Work so corrected, Contractor’s obligation hereunder to correct defective Work shall be reinstated for an additional one year period, commencing with the date of acceptance of
such corrected Work. Contractor shall perform such tests as the District may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Contract. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the Work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the District, regardless of whether or not such warranties and guarantees have been transferred or assigned to the District by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the District. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Contract, to the reasonable satisfaction of the District, the District shall have the right to correct and replace any defective or non-conforming Work and any work damaged by such work or the replacement or correction thereof at Contractor’s sole expense. Contractor shall be obligated to fully reimburse the District for any expenses incurred hereunder upon demand.

3.16 Employee/Labor Certifications.

3.16.1 Contractor’s Labor Certification. By its signature hereunder, Contractor certifies that he is aware of the provisions of Section 3700 of the California Labor Code which require every employer to be insured against liability for Worker’s Compensation or to undertake self-insurance in accordance with the provisions of that Code, and agrees to comply with such provisions before commencing the performance of the Work. A certification form for this purpose, which is attached to this Contract as Exhibit “D” and incorporated herein by reference, shall be executed simultaneously with this Contract.

3.16.2 Equal Opportunity Employment. Contractor represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the State or Federal Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

3.16.3 Verification of Employment Eligibility. By executing this Contract, Contractor verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time, and shall require all subconsultants and sub-subconsultants to comply with the same.

3.17 General Provisions.

3.17.1 District’s Representative. The District hereby designates the General Manager, or his or her designee, to act as its representative for the performance of this Contract (“District’s Representative”). District’s Representative shall have the power to act on behalf of the District for all purposes under this Contract. Contractor shall not accept direction or orders from any person other than the District’s Representative or his or her designee.

3.17.2 Contractor’s Representative. Before starting the Work, Contractor shall submit in writing the name, qualifications and experience of its proposed representative who shall be subject to the review and approval of the District (“Contractor's Representative”). Following approval by the District, Contractor’s Representative shall have full authority to represent and act on behalf of Contractor for all purposes under this Contract. Contractor’s Representative shall supervise and direct the Work, using his best skill and attention, and shall
be responsible for all construction means, methods, techniques, sequences and procedures and for the satisfactory coordination of all portions of the Work under this Contract. Contractor’s Representative shall devote full time to the Project and either he or his designee, who shall be acceptable to the District, shall be present at the Work site at all times that any Work is in progress and at any time that any employee or subcontractor of Contractor is present at the Work site. Arrangements for responsible supervision, acceptable to the District, shall be made for emergency Work which may be required. Should Contractor desire to change its Contractor’s Representative, Contractor shall provide the information specified above and obtain the District’s written approval.

3.17.3 Termination. This Contract may be terminated by District at any time, either with our without cause, by giving Contractor three (3) days advance written notice. In the event of termination by District for any reason other than the fault of Contractor, District shall pay Contractor for all Work performed up to that time as provided herein. In the event of breach of the Contract by Contractor, District may terminate the Contract immediately without notice, may reduce payment to Contractor in the amount necessary to offset District’s resulting damages, and may pursue any other available recourse against Contractor. Contractor may not terminate this Contract except for cause. In the event this Contract is terminated in whole or in part as provided, District may procure, upon such terms and in such manner as it may determine appropriate, services similar to those terminated. Further, if this Contract is terminated as provided, District may require Contractor to provide all finished or unfinished documents, data, diagrams, drawings, materials or other matter prepared or built by Contractor in connection with its performance of this Contract.

3.17.4 Contract Interpretation. Should any question arise regarding the meaning or import of any of the provisions of this Contract or written or oral instructions from District, the matter shall be referred to District’s Representative, whose decision shall be binding upon Contractor.

3.17.5 Anti-Trust Claims. This provision shall be operative if this Contract is applicable to California Public Contract Code Section 7103.5. In entering into this Contract to supply goods, services or materials, Contractor hereby offers and agrees to assign to the District all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. Section 15) or under the Cartwright Act (Chapter 2, commencing with Section 16700, of Part 2 of Division 7 of the Business and Professions Code) arising from purchases of goods, services, or materials pursuant to the Contract. This assignment shall be made and become effective at the time the District tender final payment to Contractor, without further acknowledgment by the Parties.

3.17.6 Notices. All notices hereunder and communications regarding interpretation of the terms of the Contract or changes thereto shall be provided by the mailing thereof by registered or certified mail, return receipt requested, postage prepaid and addressed as follows:

**DISTRICT:**

Riverside-Corona Resource Conservation District
4500 Glenwood Drive, Building A
Riverside, California
Attn: District Manager

Any notice so given shall be considered received by the other Party three (3) days after deposit in the U.S. Mail as stated above and addressed to the Party at the above address. Actual notice shall be deemed adequate notice on the date actual notice occurred, regardless of the method of service.

3.17.7 **Time of Essence.** Time is of the essence in the performance of this Contract.

3.17.8 **Assignment Forbidden.** Contractor shall not, either voluntarily or by action of law, assign or transfer this Contract or any obligation, right, title or interest assumed by Contractor herein without the prior written consent of District. If Contractor attempts an assignment or transfer of this Contract or any obligation, right, title or interest herein, District may, at its option, terminate and revoke the Contract and shall thereupon be relieved from any and all obligations to Contractor or its assignee or transferee.

3.17.9 **No Third Party Beneficiaries.** There are no intended third party beneficiaries of any right or obligation assumed by the Parties.

3.17.10 **Laws, Venue, and Attorneys’ Fees.** This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in a state or federal court situated in the County of Riverside, State of California.

3.17.11 **Counterparts.** This Contract may be executed in counterparts, each of which shall constitute an original.

3.17.12 **Successors.** The Parties do for themselves, their heirs, executors, administrators, successors, and assigns agree to the full performance of all of the provisions contained in this Contract.

3.17.13 **Reserved**

3.17.14 **Solicitation.** Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Contract. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Contract. For breach or violation of this warranty, District shall have the right to terminate this Contract without liability.

3.17.15 **Conflict of Interest.** Contractor maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Contractor, to solicit or secure this Agreement. Further, Contractor warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Contractor, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, District shall have the right to rescind this Agreement without liability. For the term of this Contract, no director, official, officer or employee of District, during the term of his or her service with District, shall have any direct interest in this Contract, or obtain any present or anticipated material benefit arising therefrom. In addition, Contractor
agrees to file, or to cause its employees or subcontractors to file, a Statement of Economic Interest with the District’s Filing Officer as required under state law in the performance of the Work.

3.17.16 Certification of License.

3.17.16.1 Contractor certifies that as of the date of execution of this Contract, Contractor has a current contractor’s license of the classification indicated below under Contractor’s signature.

3.17.16.2 Contractors are required by law to be licensed and regulated by the Contractors’ State License Board which has jurisdiction to investigate complaints against contractors if a complaint regarding a patent act or omission is filed within four (4) years of the date of the alleged violation. A complaint regarding a latent act or omission pertaining to structural defects must be filed within ten (10) years of the date of the alleged violation. Any questions concerning a contractor may be referred to the Registrar, Contractors’ State License Board, P.O. Box 26000, Sacramento, California 95826.

3.17.17 Authority to Enter Contract. Each Party warrants that the individuals who have signed this Contract have the legal power, right and authority to make this Contract and bind each respective Party.

3.17.18 Entire Contract; Modification. This Contract contains the entire agreement of the Parties with respect to the subject matter hereof, and supersedes all prior negotiations, understandings or agreements. This Contract may only be modified by a writing signed by both Parties.

3.17.19 Non-Waiver. None of the provisions of this Agreement shall be considered waived by either party, unless such waiver is specifically specified in writing.

3.17.20 District’s Right to Employ Other Contractors. District reserves right to employ other contractors in connection with this Project or other projects.

3.17.21 Federal Provisions. [***INCLUDE THIS SECTION ONLY IF APPLICABLE; DELETE OTHERWISE AND DELETE ASSOCIATED EXHIBIT. YOU MAY ALSO NEED TO INCLUDE SOME INFORMATION IN THE RFP DUE TO FEDERAL FUNDING GUIDELINES. CONSULT LEGAL COUNSEL IF NECESSARY***]When funding for the Services is provided, in whole or in part, by an agency of the federal government, Contractor shall also fully and adequately comply with the provisions included in Exhibit “G” (Federal Requirements) attached hereto and incorporated herein by reference (“Federal Requirements”). With respect to any conflict between such Federal Requirements and the terms of this Agreement and/or the provisions of state law, the more stringent requirement shall control.

RCRCD - Riverside-Corona Resource Conservation District

SOW – Scope of Work

DP - Development Plan

IMP – Interim Management Plan

HCP – Habitat Construction Plan

HRS – Habitat Restoration Specialist

NRM - Natural Resources Manager
1 BACKGROUND

This Scope of Work (SOW) is provided by the Riverside-Corona Resource Conservation District (RCRCD) to potential restoration landscaping contractors for the Invasive plant cutting, removal, and/or mulching in place of approximately 3.5 acres of giant reed (Arundo donax), tamarisk (Tamarix spp.), date and fan palms (Phoenix spp. and Washingtonia robusta) and scattered other invasive plant species, followed by interim maintenance of mixed southern cottonwood willow riparian forest.

1.1 AGREEMENTS AND ADMINISTRATIVE REVIEW

This current SOW is intended for the Restoration Landscaping Company (herein Contractor) that will be contracted by RCRCD to assist with initial weed removal and the interim maintenance of the project site. The RCRCD will draft agreements for contractors that RCRCD hires to fulfill portions of the full SOW. All agreements with the RCRCD will undergo RCRCD Administrative and Legal Review before signing.

1.2 IMPLEMENTATION WORK PROVIDED BY RCRCD

The RCRCD will provide a staff Project Biologist to work with directly with the Contractor and Project Manager during the course of the project. The Project Biologist will provide assistance and direction for proceeding when issues are encountered on the project site, as relates to plants and wildlife.

1.2.1 Biological Monitoring for Native Species (by RCRCD)
- RCRCD will provide permitted biological monitors for work conducted near water flow.
- RCRCD will provide experienced biologists to help with identification of plants and wildlife, upon request by the Contractor.
- RCRCD will provide experienced biologists to mark native vegetation to be avoided during invasive species removal process, upon request by the Contractor.
- RCRCD will inform the Contractor on how to proceed with work if a protected species is encountered or suspected to be present on-site during the course of the project.

2 SUBCONTRACTOR SCOPE OF WORK

2.1 GENERAL

The Contractor shall implement weeding/removal of arundo and non-natives within in the project area, along with a two year maintenance program.

2.2 INVASIVE PLANT REMOVAL

2.2.1 General Requirements
- A. Attend public meeting prior to commencement of removal work if needed up to three.
- B. Prepare and implement a cutting and removal plan for the area. This plan shall list the amount and type of invasive plants removed and the type of equipment used in the removal.

---

1 “Protected species” is defined herein as a plant or animal that is protected under Federal, State, or local law.
C. The Project Manager will be responsible for insuring that all necessary state and federal permits are in place and comply with project goals.

D. The Contractor will comply with all provisions and conditions outlined in all federal and state permits held by the RCRCD.

E. Map removal for the area on an aerial or other similar mapping unit. Allow for the tracking of progress made each day and an estimate of the biomass/acreage removed.

F. Conduct removal of approximately 3.5 acre of giant reed (*Arundo donax*), as well as scattered tamarisk (*Tamarix* spp.), palms (*Phoenix* spp. and *Washingtonia robusta*), and other invasive plants as encountered. The stands of giant reed occur in both pure and mixed stands and some are growing in the active channel and on the bottom of the flood plain. The Contractor shall ensure that only non-native plants are removed.

G. All heavy equipment will stay out of water, work will not be conducted during flood events, and refueling and maintenance will occur above the ordinary high water mark (OHWM).

H. The removal portion of the project is expected to be completed in *March 15, 2020*, barring any adverse weather conditions or continuations due to removal difficulties. Continuation beyond this date will be at the discretion of the RCRCD and is dependent upon the amount of arundo remaining and any problems encountered during removal.

I. The Contractor should be aware of hazards and use appropriate safety in the field. Hazardous conditions and changing weather should be expected, and factored in the bid. Natural hazards such as mud, and flooding events are possible. Noxious plants such as poison oak and stinging nettle may be present. Hazardous animals may include unleashed dogs, feral dogs, coyotes, wild pigs, ticks, and venomous snakes. Homeless encampments and occupants of these encampments may be encountered. Trash and residuals from homeless encampments may be encountered. The Contractor should ensure that personnel and equipment avoid hazardous areas or conditions whenever possible.

J. The Contractor shall have sufficient knowledge of Federal, State and local laws protecting wildlife. The Contractor shall have sufficient ability to identify plants and animals so as to avoid impacts upon protected species. If necessary, the Contractor may consult with the RCRCD to verify species identification. If any protected species is encountered, or suspected to be present, the Contractor shall stop work immediately and consult with the RCRCD. Under this situation, the right to resume work will be determined by the RCRCD biologist or other authority.

K. The Contractor shall be a licensed pest control business and have a qualifying applicator holding a Qualified Applicators License (QAL) and certified in aquatics (cat F) and one of the following: (1) D-plant agriculture; (2) C-right-of-way or (3) E-forestry. Contractor shall have past experience in invasive plant removal and control and is able to recognize the target plants at any stage of growth.

L. All herbicide recommendations shall be made by a licensed Pest Control Advisor (PCA) in writing and submitted to RCRCD for review. All recommendations shall be made with herbicides and adjuvants approved in aquatic areas². No herbicide or adjuvant formulation shall be products that would damage surrounding vegetation through leaching, volitization, and/or translocation through root system. No glyphosate products are to be used on properties owned by the City of Riverside.

---

² Use of products containing glyphosate is prohibited within the City of Riverside.
M. The spraying portion of the project is expected throughout the duration of the project.

2.3 MAINTENANCE

2.3.1 Weed Control
The Contractor shall maintain a weed-free project site throughout the contract until completion has been issued to the Contractor. The Contractor shall achieve and maintain 0% cover of invasive perennial weeds and less than 5% cover of annual and biennial weeds as per the Standards and Specifications in Appendix A-2.

The Project Biologist or other qualified RCRCD staff biologists will be available for helping the Contractor identify plants. If plants are found that need to be identified, the Contractor shall notify the Project Biologist of its location and send photos of the plants and/or uniquely flag them. The Project Biologist may mark desirable colonizing plant species that should not be removed with green flagging and non-native species that must be removed with orange flagging.

2.3.2 Trash and Debris Removal (Blown in trash)
All areas are to be kept free of trash and debris. Light trash removal will be done by the Contractor. Contractor shall notify the RCRCD if there is any large amounts trash dumped within the site, and the RCRCD will coordinate with the City of Riverside for removal, or provide removal through other means, depending upon the size and amount of debris.

2.3.3 Pest Control
Contractor is responsible for examining plants for signs of disease or insect damage, and treating as necessary. The Project Biologist will be consulted on any pest control measure to be implemented. The Contractor will be responsible for trapping, placement or protectors, or other pest management action.

3 COORDINATION BETWEEN RCRCD AND CONTRACTOR

3.1 GENERAL
A Habitat Restoration Specialist (HRS), and/or other qualified RCRCD designee, will serve as Project Biologist. The HRS, with input from the RCRCD Natural Resources Manager (NRM), will coordinate the project including site preparation, weed removal, and interim maintenance.

3.2 COMMUNICATIONS WITH CONTRACTOR

3.2.1 Progress Reports

Removal Stage

If deemed necessary, and upon prior notice, the Contractor shall provide monthly reports to the Riverside-Corona Resource Conservation District (RCRCD) showing the progress of invasive removal. Reports shall consist of a removal log, method of removal and any difficulties encountered in the removal process. Any problems with soil conditions, weather or equipment should also be noted.
**Maintenance Stage**

The Contractor shall provide monthly reports to the Conservation District during the maintenance stage of the project, and shall include in the report details of the areas treated with herbicide. The report should sufficiently describe the maintenance work accomplished.

### 3.2.2 Status Meetings

The Project Biologist will check on project status at least once a week during the removal period and arrange for some visits during Contractor maintenance activities so that questions can be addressed by Contractor as needed. Concerns will be relayed to the Contractor’s Project Manager in writing.

Contractor will attend two project meetings per year which will be either public meetings or meetings with the RCRCD.

### 3.3 Final Inspection and Project Completion

On the last day of treatment, the RCRCD shall schedule an inspection of areas that have been subject to treatment. If treatment has been performed to the satisfaction of the RCRCD Project Biologist and NRM, the project will be determined as accomplished; the Contractor shall then proceed with issuing the final report for the project and submission of invoices.

If portions of the treatment areas have not been completed to the satisfaction of the RCRCD, the Contractor shall have two weeks (at Contractor’s expense) to complete the treatment. At the end of this two-week extension, the Contractor shall then proceed with issuing the final report and invoicing for the work completed.

If work beyond the last day of the project coverage (two weeks past the official project end date) is needed to achieve invasive removal and treatment goals set forth for this project, such a condition will end the current project and trigger a new project. This will subsequently require a new contract and scope of work, and will be sent out to public bid in order to reflect current conditions and costs to complete the remainder of the treatment.

### 3.4 Invoicing

Invoicing may be submitted monthly for activities such as herbicide application, upon prior approval by the RCRCD. At the end of the project, the Contractor shall submit a final invoice. For any submitted invoice, the Contractor shall provide sufficient details to support all payments. Payments are on an acreage-removed basis or other terms agreed upon prior to commencement of work. Partial payments may occur if field verified by RCRCD personnel. Any changes to this contract shall be done in writing and agreed to by both the RCRCD and the Contractor.

### 3.5 Final Report

A final report will be required no later than 30 days after the final removal inspection. This report shall include details on invasive removal activities, interim maintenance activities, maps illustrating areas treated, and records of any herbicides used (including type, quantity and location).

INSPECTIONS

I. The Landscape Restoration Contractor ("Contractor") shall notify the Project Manager from the Riverside-Corona Resource Conservation District (District) - a minimum of 72 hours in advance of the start of any work that is stated herein as requiring the presence of the Project Biologist. All such work shall be performed only in the presence of the Project Biologist unless prior approval has been granted to perform such work in his/her absence. For this project, John Dvorak will serve as the Project Manager and Biologist for the District and Jose Iniguez (or other suitably qualified District designee) will be serving as the Project Monitor for the District. John Dvorak can be reached at the office at (951) 683-7691, extension 217, and by email at Dvorak@rcrccd.org. Jose Iniguez can be reached at the office at (951) 683-7691, extension 208, and by email at Jiniguez@rcrccd.org.

II. The Contractor and Project Biologist must be on-site for all inspections. The costs for failed inspections or inspection time due to the Contractor not present on site shall be borne solely by the Contractor.

III. Any Work completed without inspection or approval by the Project Biologist shall be removed, exposed, or replaced at the cost of the Contractor.

IV. All inspections and/or approvals will be documented in writing by Project Biologist/Project Manager. Contractor shall call for inspections for the following items with a minimum of 72-hours advance notice to the Project Biologist /Project Manager:
   A. Schedule an on-site pre-job meeting to go over the Plans and walk the site.
   B. Working near an active stream.
   C. At the completion of site preparation

STATUS MEETINGS

I. Contractor shall attend status meeting called by Project Biologist during the maintenance period. At Project Biologist's request, Contractor shall have a principal (i.e., owner, responsible managing partner) attend the status meeting.

ORDER OF WORK (Work)

I. The Contractor shall follow the sequence of operations as set forth herein. The order of work shall be as follows:
   A. Perform initial invasive plant removal and mulching
SITE PREPARATION

General

A. Prior to the commencement of site preparation, all contractors who will complete some aspect of the plan will meet at the site for a pre-job meeting with the Project Biologist who will review all aspects of the plan which concern the Contractor including site protection, maintenance inspections, and landscape procedures. The Project Biologist will oversee all aspects of the Plan including invasive plant removal and mulching, and maintenance: weed control.

B. The Contractor shall protect all existing structures or facilities that are adjacent to or fall within the limits of the Work to be done under this contract. Any structure or facility to be protected, which is damaged as a result of the Contractor's construction operation shall be replaced by the Contractor at his/her cost, to the satisfaction of the Owner.

Initial Removal

A. All Non-native vegetation shall be cleared by the use of flail mowers and other smaller manual clearing followed by treatment of resprouts with approved herbicide. The City of Riverside has a restriction on the use of glyphosate products. All non-native vegetation with seeds or vegetative parts capable of rooting will be removed from the site or mulched to a non-viable size prior to plant installation.

B. The type, quantity, and method of herbicide application will be recommended by Contractors Pest Control Advisor (PCA) and reviewed by the District QAL/QAC who will inspect the site and submit same for approval to the Contractor.

C. Removal can be done by the following methods: Hand removal by chainsaws or brush cutters, tractor-mounted mulching mowers, arm-mounted tractor/cutter or other approved power equipment. Access roads to the area can be used to transport equipment and personnel. A permanent stockpile area should be established in order to shred the stalks in areas that cannot be used with tractors. All material must be removed and chipped. Material can be used as mulch to dry in-place. The number of persons and equipment used in the removal will depend upon the acreage treated each day and area conditions.
Herbicides and Pesticides

A. The Contractor shall comply with all rules and regulations of the Department of Food and Agriculture and the Department of Health, the Department of Industrial Relations, the California Department of Pesticide Regulation, and all other agencies that govern the use of pesticides required in the performance of the Work on the Contract.

B. Pesticides shall be limited to herbicides, insecticides (with approval by Project Biologist), fungicides (with approval by Project Biologist), inhibitors, defoliants, desiccants, and repellants.

C. Any substance or mixture of substances intended for preventing, repelling, mitigating, or destroying weeds, insects, diseases, or nematodes and any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant shall be considered a pesticide.

D. The Contractor shall obtain approval for the use of all herbicides from the District in accordance with the requirements of the California Food and Agricultural Code, and these Specifications. EPA approved aquatic herbicides that do not contain glyphosate are the only types to be used.

E. Herbicide recommendations shall include, but not be limited to, the pesticides to be used, rates of application, methods of application, and areas to which pesticides are to be applied. At no time shall pre-emergent herbicides be used.

F. Herbicides shall be mixed in accordance with the instructions provided on the applicable registered label. Prior to mixing any pesticide, a copy of the registered label for the pesticide to be mixed shall be given to the Project Biologist, or when such copy is unavailable, the Project Biologist shall be permitted to read the label on the container.

G. Herbicides for weed control shall be applied with a photosensitive dye that will produce a contrasting color when sprayed upon the ground. The color shall disappear between 2 and 3 days after being applied. The dye shall not stain any surfaces nor injure plant or animal life when applied at the manufacturer’s recommended application rate.

H. Where control of non-native vegetation is required and the use of herbicides is necessary, there is a possibility that the herbicides will contact water. Therefore, the PCA shall recommend only those herbicides that are approved for aquatic use. If surfactants are required, they shall be restricted to non-ionic chemicals that are approved for aquatic use.

I. Herbicide applications will follow rules and restrictions set forth in the RCRCD Aquatic Pesticide Application Plan and any EPA regulations.

J. The Contractor shall notify the Project Biologist at least 24 hours prior to each application of pesticide and shall indicate the hours of application. No application of pesticides shall be made on Saturdays, Sundays, or legal holidays.
K. Pesticides shall not be applied when weather conditions, including wind conditions, are unsuitable for such work. Wind velocities shall not exceed five miles per hour during application of herbicides.

L. No herbicides or pesticides shall be used on native vegetation unless directed in writing by the Project Biologist. Any new or existing native plants that have been damaged by the application of the pesticides shall be replaced by the Contractor at his/her expense as determined by the Project Biologist.

M. A spraying plan shall be prepared and implemented for each application. The plan shall include the amount and type of herbicide, mixing ratios, adjuvants used and the dates of application. The type of equipment used should also be listed. Excessive drift shall be avoided at all times.

N. Maps or aerial photographs of the area should be used to determine the area sprayed each time. The RCRCD will maintain monitoring logs throughout the two-year period and thereafter as needed or required.

O. Spraying of arundo:

There are approximately 3.5 acres of arundo in the project area. Stands are mixed with native vegetation, which may necessitate hand applications. Spraying will occur within three weeks after the last cutting, or when the canes have regrown to a height of no more than 3 feet. Follow-up treatments should be done over the next three to five years in order to achieve a 100% kill rate. Applications will have to be made every month during the first and second year, which usually runs from March to October. Excessive regrowth will be avoided at all times with no canes over 3’.

If regrowth does occur due to inadequate applications, the contractor will be required to cut the regrowth at their own expense and retreat the area.

Spraying can be done by ATV mounted, battery operated spray packs or booms, backpack sprayers or other low noise spray equipment. All spraying will be done by ground applications and should occur when conditions are most favorable for uptake of the herbicide. The number of persons applying the herbicide will depend upon the acres needing treatment and local weather conditions. Some stands of invasive plants may have native vegetation surrounding them, which must be avoided. These areas can still be treated with an approved aquatic herbicide, but may require more careful spot treatments. There will be no removal of other nontarget vegetation. All other plants and animals will be protected from damage by equipment. It is understood that some cutting of low branches may be needed to provide access to the arundo. Treatment, drift or damage to other native vegetation will be avoided at all times.
Irrigation System Installation
  A. An irrigation system will not be used for this project.

PLANT INSTALLATION

General

  A. Planting will be installed by RCRCD after one year of maintenance or deemed appropriate by the governing agencies.

Fertilizer

  A. Fertilizer or other soil amendments will not be used for this project.

Site Cleanup

  A. After each phase of the project is completed the Contractor will remove all trash from the site. The Contractor shall repair all scars and ruts caused by Work operations. The area shall be left in a neat and orderly condition.

MAINTENANCE: WEED CONTROL

General

  A. Contractor shall maintain sufficient personnel and adequate equipment to perform the Work herein specified. Contractor shall maintain continuity within maintenance personnel.

  B. Contractor shall provide all labor, materials and equipment to perform Work, as specified herein, including but not limited to, controlling weeds, insect infestations, and pests such as rodents or herbivores.

  C. The Project Biologist will meet with maintenance supervisor (personnel) in order to clarify proper maintenance procedures. A maintenance professional with experience and knowledge in native habitat creation, restoration, and enhancement will supervise all maintenance personnel.
D. The Contractor shall be available within five (5) working days of request by the Project Biologist for work determined to be necessary by the Project Biologist.

E. The Project Biologist will provide materials to assist Contractor personnel in identification of plants within the project area. The maintenance supervisor shall ensure that all maintenance personnel are able to identify the native plants and species to be weeded.

**Irrigation System**

A. An irrigation system will be installed by RCRCD when planting is scheduled to occur.

**Weed Control**

A. Weedy plants shall be removed according to these Specifications. Eradication of weedy plant species shall be performed by hand or by other methods that do not interfere with the growth of establishing native plants from seed, container stock, cuttings, or natural recruitment. This will sometimes mean removal of colonizing native plants if those plants interfere with the establishment of container material, including, but not limited to, species of *Conyza*, *Helianthus annuus*, and *Baccharis salicifolia*. All methods shall be reviewed by the Project Biologist to ensure that this specification is met. The Project Biologist shall provide the Contractor with information regarding the selection of target weed species, their location, and the timing of weed control operations to ensure that native plants are avoided.

B. The site shall achieve and be maintained with a weed cover of 0% perennial invasives and less than 5% other invasive plants. Weed control shall be conducted by the Contractor once per month or more as necessary from the beginning until the end of the maintenance period to ensure this is achieved. Maintenance personnel may be trained by Project Biologist to distinguish weedy plant species from native vegetation to ensure that only weedy species are removed or sprayed with herbicide.

C. Weeds shall be manually removed either before they can attain a height or breadth of one foot (1’) or produce seed, whichever comes first. All portions of the plant will be removed, including the roots except where specified otherwise in “G” below.

D. Pulled weeds with seeds will be placed on a tarp, bucket, (or similar device) to prevent the seeds from coming in contact with the ground, and removed from the site on a daily basis.

E. Target non-native vegetation to be controlled includes, but is not limited to, giant reed (*Arundo donax*), perennial pepperweed (*Lepidium latifolium*), red brome (*Bromus madritensis* subsp. *rubens*), filaree (*Erodium moschatum* and *E. cicutarium*), short-pod mustard (*Hirschfeldia incana*), prickly lettuce (*Lactuca serriola*), yellow sweetclover (*Melilotus officinalis*), rabbitsfoot grass (*Polypogon monspeliensis*), common sowthistle (*Sonchus oleraceus*), tocalote (*Centaurea melitensis*), Spanish sunflower (*Punicaria paludos*), London rocket (*Sisymbrium irio*), perennial
sowthistle (*Sonchus arvensis*), prickly sowthistle (*S. asper*), bullthistle (*Cirsium vulgare*), tree tobacco (*Nicotiana glauca*), and salt cedar (*Tamarix ramosissima*).

F. Systemic herbicide will be applied using mechanical and/or pressurized equipment in areas and conditions where possible accidental treatment and drift to native vegetation is minimal. This may include cutting down and manually stump treating any invasive plants that would be difficult to fully remove or treat otherwise (e.g. *Lepidium latifolium, Tamarix ramosissima*). At present, the only large invasive species at the site are Giant Reed, Tamarisk, Castor Bean, and Tree Tobacco. These species, and any other tree like species that might be found in the future will be cut down and stump treated with an approved aquatic herbicide. The cut portion will be removed from the site and any resprouts will be sprayed with an approved aquatic herbicide successively until control is achieved. The arundo at the site will be treated with an approved aquatic herbicide with an appropriate surfactant. If it attains a height above 2-3ft. before treatment then it will be cut and will be sprayed.

G. Manual removal may consist of hand pulling and removal with hand tools such as shovels and hoes.

H. Mechanical control may be conducted as a delay measure to prevent seed set in invasive plants until herbicide treatment can be conducted and/or take effect.

**Herbicides and Pesticides**

A. The Contractor shall comply with all rules and regulations of the Department of Food and Agriculture and the Department of Health, the Department of Industrial Relations, the California Department of Pesticide Regulation, and all other agencies that govern the use of pesticides required in the performance of the Work on the Contract.

B. Pesticides shall be limited to herbicides, insecticides (with approval by Project Biologist), fungicides (with approval by Project Biologist), inhibitors, defoliants, desiccants, and repellants.

C. Any substance or mixture of substances intended for preventing, repelling, mitigating, or destroying weeds, insects, diseases, or nematodes and any substance or mixture of substances intended for use as a plant regulator, defoliant or desiccant shall be considered a pesticide.

D. The Contractor shall obtain approval for the use of all herbicides from the Project Biologist in accordance with the requirements of the California Food and Agricultural Code, and these Specifications.

E. Herbicide recommendations shall be made by a Pest Control Advisor (PCA and include, but not be limited to, the pesticides to be used, rates of application, methods of application, and areas to which pesticides are to be applied. At no time shall pre-emergent herbicides be used.

F. Herbicides shall be mixed in accordance with the instructions provided on the applicable registered label. Prior to mixing any pesticide, a copy of the registered label for the pesticide to be mixed shall be given to the Project Biologist, or when such copy is unavailable, the Project
Biologist shall be permitted to read the label on the container, or shall be provided with the information in written form.

G. Herbicides for weed control shall be applied with a photosensitive dye that will produce a contrasting color when sprayed upon the ground. The color shall disappear between 2 and 3 days after being applied. The dye shall not stain any surfaces nor injure plant or animal life when applied at the manufacturer’s recommended application rate.

H. Where control of non-native vegetation is required and the use of herbicides is necessary, there is a possibility that the herbicides will contact water. Therefore, the PCA shall recommend only those herbicides that are approved for aquatic use. If surfactants are required, they shall be restricted to non-ionic chemicals that are approved for aquatic use.

I. The Contractor shall notify the Project Biologist at least 24 hours prior to each application of pesticide and shall indicate the hours of application. No application of pesticides shall be made on Saturdays, Sundays, or legal holidays.

J. Pesticides shall not be applied when weather conditions, including wind conditions, are unsuitable for such work. Wind velocities shall not exceed five miles per hour during application of herbicides.

K. No herbicides or pesticides shall be used on native vegetation unless directed in writing by the Project Biologist because of excessive competition with installed plant material. Any new or existing native plants that have been damaged by the application of the pesticides shall be replaced by the Contractor at his/her expense as determined by the Project Biologist.

Plantings

A. All color-code pin-flags or flagging installed by RCRCD shall remain in place to allow Project Biologist to verify the location and species of the installed plants.

PAYMENT AND PERFORMANCE BONDS
PERFORMANCE BOND

KNOW ALL PERSONS BY THESE PRESENTS:

THAT WHEREAS, the Riverside-Corona Resource Conservation District (hereinafter referred to as “District”) has awarded to ____________________, (hereinafter referred to as the “Contractor”) an agreement for _______________________ (hereinafter referred to as the “Project”).

WHEREAS, the work to be performed by the Contractor is more particularly set forth in the Contract Documents for the Project dated ________________, (hereinafter referred to as “Contract Documents”), the terms and conditions of which are expressly incorporated herein by reference; and

WHEREAS, the Contractor is required by said Contract Documents to perform the terms thereof and to furnish a bond for the faithful performance of said Contract Documents.

NOW, THEREFORE, we, _______________, the undersigned Contractor and ______________________________ as Surety, a corporation organized and duly authorized to transact business under the laws of the State of California, are held and firmly bound unto the District in the sum of $____________, said sum being not less than one hundred percent (100%) of the total amount of the Contract, for which amount well and truly to be made, we bind ourselves, our heirs, executors and administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH, that, if the Contractor, his or its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any alteration thereof made as therein provided, on its part, to be kept and performed at the time and in the manner therein specified, and in all respects according to their intent and meaning; and shall faithfully fulfill all obligations including the one-year guarantee of all materials and workmanship; and shall indemnify and save harmless the District, its officers and agents, as stipulated in said Contract Documents, then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the Contract Documents, unless otherwise provided for in the Contract Documents, the above obligation shall hold good for a period of one (1) year after the acceptance of the work by District, during which time if Contractor shall fail to make full, complete, and satisfactory repair and replacements and totally protect the District from loss or damage resulting from or caused by defective materials or faulty workmanship, Surety shall undertake and faithfully fulfill all such obligations. The obligations of Surety hereunder shall continue so long as any obligation of Contractor remains. Nothing herein shall limit the District’s rights or the Contractor or Surety’s obligations under the Contract, law or equity, including, but not limited to, California Code of Civil Procedure section 337.15.
Whenever Contractor shall be, and is declared by the District to be, in default under the Contract Documents, the Surety shall remedy the default pursuant to the Contract Documents, or shall promptly, at the District’s option:

(1) Take over and complete the Project in accordance with all terms and conditions in the Contract Documents; or

(2) Obtain a bid or bids for completing the Project in accordance with all terms and conditions in the Contract Documents and upon determination by Surety of the lowest responsive and responsible bidder, arrange for a Contract between such bidder, the Surety and the District, and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the District under the Contract and any modification thereto, less any amount previously paid by the District to the Contractor and any other set offs pursuant to the Contract Documents.

(3) Permit the District to complete the Project in any manner consistent with local, California and federal law and make available as work progresses sufficient funds to pay the cost of completion of the Project, less the balance of the contract price, including other costs and damages for which Surety may be liable. The term “balance of the contract price” as used in this paragraph shall mean the total amount payable to Contractor by the District under the Contract and any modification thereto, less any amount previously paid by the District to the Contractor and any other set offs pursuant to the Contract Documents.

Surety expressly agrees that the District may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligations in the event of default by the Contractor.

Surety shall not utilize Contractor in completing the Project nor shall Surety accept a bid from Contractor for completion of the Project if the District, when declaring the Contractor in default, notifies Surety of the District’s objection to Contractor’s further participation in the completion of the Project.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project to be performed thereunder shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or addition to the terms of the Contract Documents or to the Project, including but not limited to the provisions of sections 2819 and 2845 of the California Civil Code.

PAYMENT BOND

KNOW ALL MEN BY THESE PRESENTS That

WHEREAS, the Riverside-Corona Resource Conservation District (hereinafter designated as the “District”), by action taken or a resolution passed ___________ , 20____ has awarded to ________________ hereinafter designated as the “Principal,” a contract for the work described as follows:

_____________________________________________________ (the “Project”); and

WHEREAS, the work to be performed by the Principal is more particularly set forth in the Contract Documents for the Project dated _________________ (“Contract Documents”), the terms and conditions of which are expressly incorporated by reference; and

WHEREAS, said Principal is required to furnish a bond in connection with said contract; providing that if said Principal or any of its Subcontractors shall fail to pay for any materials, provisions, provender, equipment, or other supplies used in, upon, for or about the performance of the work contracted to be done, or for any work or labor done thereon of any kind, or for amounts due under the Unemployment Insurance Code or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department from the wages of employees of said Principal and its Subcontractors with respect to such work or labor the Surety on this bond will pay for the same to the extent hereinafter set forth.

NOW THEREFORE, we, the Principal and __________________________ as Surety,

are held and firmly bound unto the District in the penal sum of ______________

Dollars ($___________) lawful money of the United States of America, for the payment of which sum well and truly to be made, we bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that if said Principal, his or its subcontractors, heirs, executors, administrators, successors or assigns, shall fail to pay any of the persons named in Section 9100 of the Civil Code, fail to pay for any materials, provisions or other supplies, used in, upon, for or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or amounts due under the Unemployment Insurance Code with respect to work or labor performed under the contract, or for any amounts required to be deducted, withheld, and paid over to the Employment Development Department or Franchise Tax Board from the wages of employees of the contractor and his subcontractors pursuant to Section 18663 of the Revenue and Taxation Code, with respect to such work and labor the Surety or Sureties will pay for the same, in an amount not exceeding the sum herein above specified.

This bond shall inure to the benefit of any of the persons named in Section 9100 of the Civil Code so as to give a right of action to such persons or their assigns in any suit brought upon this bond.

It is further stipulated and agreed that the Surety on this bond shall not be exonerated or released from the obligation of this bond by any change, extension of time for performance, addition, alteration or modification in, to, or of any contract, plans, specifications, or agreement pertaining or relating to any scheme or work of improvement herein above described, or pertaining or relating to the furnishing of labor, materials, or equipment therefore, nor by any change or modification of any terms of payment or extension of the time for any payment pertaining or relating to any scheme or work of improvement herein above described, nor by any
rescission or attempted rescission of the contract, agreement or bond, nor by any conditions precedent or subsequent in the bond attempting to limit the right of recovery of claimants otherwise entitled to recover under any such contract or agreement or under the bond, nor by any fraud practiced by any person other than the claimant seeking to recover on the bond and that this bond be construed most strongly against the Surety and in favor of all persons for whose benefit such bond is given, and under no circumstances shall Surety be released from liability to those for whose benefit such bond has been given, by reason of any breach of contract between the owner or District and original contractor or on the part of any obligee named in such bond, but the sole conditions of recovery shall be that claimant is a person described in Section 9100 of the Civil Code, and has not been paid the full amount of his claim and that Surety does hereby waive notice of any such change, extension of time, addition, alteration or modification herein mentioned and the provisions of sections 2819 and 2845 of the California Civil Code.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this _______ day of ______________, 20__.
